

DEATH TOLL HEAVY IN QUAKE REGION

HISTORIC "NOB HILL" IS SINKING

WASHED BY HEAVY RAINS

One Building Has Been
Shored Up to Save
Structure

Stockton Street Tunnel
May Have Caused
Slump

SAN FRANCISCO, Jan. 14.—Nob Hill, long a landmark of San Francisco, is sinking slowly and steadily. The ground has been washed away by heavy rains, and the buildings are sinking into the earth. The ground has been washed away by heavy rains, and the buildings are sinking into the earth.

How much of these phenomena are due to the tunnel which the city is driving through the hill to connect the city with the North Point waterfront is a question engineers must determine. Slides have given the contractors much trouble and work has been abandoned for the present on one of the drives. The fall of earth a fortnight ago near the Stockton street entrance of the Stockton street tunnel killed a workman.

More rain, more wind and more rough weather at sea for the California coast was the prediction today of the United States weather bureau. Two centers, the Doris and Solano, arrived in the bay today from Willapa, eight days short of time. The rain continued all day today. Last night the wind touched 64 miles an hour at Point Bolinas. Storm warnings for all the north coast were sent out today.

Although the present storm has not yet reached its height, it is expected to continue for the next 24 hours. The only portion of the state that still needs more rain is the San Joaquin valley.

At Suisun there are now 168 inches of snow. The highest level was 190 inches, but the heavy rains that fell on the Sacramento valley beat down the hills to a depth of 50 inches.

S.S. COBEQUID MAY YET BE RESCUED

Faint Wireless S. O. S.
Picked Up at Several
Points

BULLETIN. Jan. 14.—The Royal Mail Packet Company's steamer Cobequid was sighted at several points near here when the fog lifted today. The greater part of the steamer's hull is above water and it is believed that those on board are safe.

ST. JOHN, N. B., Jan. 14.—The faint purr of an "S. O. S." call from the missing steamer Cobequid was picked up at several points in the Bay of Fundy at 10 o'clock today and revived hope for the safety of the vessel and the 125 persons on board.

The wireless was not sufficiently strong to give the position of the vessel, but indicated that she had survived a terrible wreck and that there was still a chance for her rescue and crew.

The Canadian Northern liner Royal George caught the cry of distress three times and heard the Lady Laurier replying, asked the location of the Cobequid, but no response from the Cobequid could be made out. The Lady Laurier went out from Halifax yesterday to take part in the search and ought to be near the wreck today. It is still believed that the Cobequid struck on one of the Grand Marais ledges and that Captain Howson mistook the light for Bear Island.

He first called for assistance at daylight yesterday.

The weather conditions were a little more favorable for the search for the Cobequid today, although a dense mist still hung over the waters. The storm had passed, but the temperature remained several degrees below zero and a blizzard northeast whipped the sea. Hope for the vessel rests chiefly on the efforts of the United States revenue cutter Woodbury and the Canadian government steamer Lady Laurier.

Nana Bryant Seeks Divorce Must Attend in Person

Miss Nana Bryant, Who seeks Divorce

BEAUTIFUL ACTRESS LOOKS FOR RELEASE

Says "Ted" MacLean Failed to Provide Necessaries

Beautiful Nana Bryant, known to thousands of Oakland theatergoers, wants a divorce.

Judge Mogan of San Francisco says she can't have one unless she comes after it.

Booking agents, take notice: It's up to you. Send Miss Bryant back to the coast and freedom's her's.

Nana Bryant—off the stage Mrs. Thimmas MacLean—is now in Chicago. So is MacLean, who's in vaudeville. But the wife brought suit in San Francisco and the action is pending before Superior Judge Mursky.

Recently Judge Mogan, sitting for Mursky, refused to grant a decree without either plaintiff or defendant being present. Mrs. MacLean's counsel, Attorney S. C. Wright, was ready with the deposition telling of the failure of MacLean to provide the actress with the common necessities of life.

"This court will not grant a divorce when neither of the parties concerned are here," said Judge Mogan. "Mrs. Bryant must come here in person and then she can prosecute her suit."

The divorce action was filed secretly last August. Soon after, Mrs. MacLean became the star in the smut play "The Traffic," which wended its way East after being driven from Oakland. Through Chicago lawyers a deposition was taken, but it was refused by the court.

The MacLeans were wedded in Menominee, Mich. At that time MacLean was playing in vaudeville and the separate interests of the husband and wife were within fifteen miles of the wreck at sundown.

According to Attorney Wright there is no intention on the part of either party to wed soon again and no secret romance in the background.

CONGRESS TO TONE UP TRUSTS

PRESIDENT HAS PLAN FORMED

Senate Committee Considers "Evils of Interlocking Directorates"

Idea Is to Adjust Matters of Corporate Management

(By Associated Press) WASHINGTON, Jan. 14.—President Wilson conferred today with Congressional leaders on trust legislation. He talked in the forenoon with Chairman Newlands and Democrats of the Senate Interstate commerce committee and reserved the late afternoon for a second conference with the Republicans and Democrats of the House judiciary committee.

To the latter committee the president had given a preliminary outline of the ideas before Congress received three weeks ago. The president was prepared today to discuss with the two committees, which will be in charge of trust legislation specific points in his program.

TO SATISFY ALL. It was said today that the president's forthcoming message suggested the trust views of every member of the cabinet and that those members in close touch with the business world believe the interests of the country will find healthful reassurance in it.

Members of the Senate committee after a two-hour conference with the president, said he had read them his message and discussed many of its future points. The Senators had no objection to an interstate trade commission with limited powers to assist the courts in carrying out their duties of dissolution would be created. They all believed, too, that legislation prohibiting the "evils of interlocking directorates" would be passed.

Madame Nordica's action against individuals and that personal guilt would be distinctly fixed.

The main point in the discussion was the extent to which the Sherman law should be supplemented. The president is understood to have pointed out that it was necessary to remove all doubt as to what constituted a restraint of trade, believing that public sentiment no longer was that restraints of trade could be reasonable.

FRIENDLY ATTITUDE. The president also, it was said, seemed to think that it would be well to concentrate attention of Congress on the trust legislation, so as to have it out of the way by June.

The president also, it was said, laid emphasis on the spirit with which the task should be approached, contending that since big business was manifesting a disposition to conform to the "spirit of the times" it was desirable to treat the problem with a feeling of friendliness and co-operation rather than of radical antagonism.

NEW YORK, Jan. 14.—George W. Young, husband of Madame Lillian Nordica, the American singer, who is ill of pneumonia in Thursday Island, Australia, received a cable despatch late last night confirming press reports that his wife's condition showed some improvement.

Madame Nordica's illness was brought about by snoring and excitement at the time of the grounding of the steamship Tasman in the Gulf of Paqua late in December.

Republican voters swarmed into the registration office yesterday in spite of the continuing downpour of rain and when the count of registration figures was taken last evening it was found that for the first time since the great register has been open the Republicans lead in numbers for the day, having 508 affidavits, as against 501 Progressives. Strenuous efforts were made by the Progressive leaders to overcome the lead for the day, but in spite of the impression into service of several automobiles and the sounding of a general alarm throughout the city, the G. O. P. elephant trampled the bull moose under foot.

The Progressive reserves were brought into action during the afternoon and the vote tallying turned loose. The tide of battle ebbed and flowed for several hours, now with one side in the advantage and again with the other on top.

Dr. George C. Farde, former governor, who is one of the Progressive generals, appeared on the scene with several of his lieutenants and registered for action. But from some apparently hidden source came a steady stream of Republicans and the efforts of the registration clerks were taxed to the utmost signing up the lone line of waiting applicants.

THE TOTAL registration in Alameda county to date is 7,814, including 5,937 last 24 hours.

ALAMEDA, Jan. 14.—A new \$500,000 hospital building for San Francisco, was asked in a bill introduced today by Senator Perkins.

WASHINGTON, Jan. 14.—A new \$500,000 hospital building for San Francisco, was asked in a bill introduced today by Senator Perkins.

JAPANESE FLEE IN TERROR

Hundreds Drown in an
Effort to Escape From
Sakura

Village of Seto Among
Places Laid to
Waste

(By Associated Press) MIYASAKI, Japan, Jan. 14.—A party of refugees from the stricken island of Sakura, in the Gulf of Kagojima, arrived here today. They reported that the inhabitants of 300 houses composing the village of Seto on that island lost their way in trying to reach the seashore and probably all perished.

The refugees declared that hundreds were drowned in trying to swim across the Gulf of Kagojima. They said that the volcano of Sakura-Jima has completely changed its form, several new craters having opened.

The hail of ashes ceased here today after lasting thirty-six hours.

TOKIO, Jan. 14.—Official reports from Southern Japan this afternoon, where volcanic eruptions and earthquakes have caused heavy loss of life, panic and great property damage, are that the eruption of Sakura-Jima, which has caused the most devastation, is abating. Just how heavy has been the loss of life cannot yet be estimated. Sakura, where the greatest loss of life occurred, cannot be visited because the eruption of Sakura-Jima continues. Troops and warships are now in the vicinity and a search of the island will be made at the first opportunity.

CONFUSION PREVAILS. Kagoshima, the nearest great city to Sakura, while it suffered great damage from the earthquake, does not appear to have sustained a severe loss of life. H. Ijima, former Japanese minister to China, who lives in Kagoshima, sent a dispatch to the foreign office in which he said that ten persons have been killed and thirty injured there. He also stated that great confusion prevailed in the city.

Other telegrams report that the baria kas, governor's residence and the Emoryville track, was to be subdivided, wrecked. The soldiers are camped in the vicinity.

Shrine and temples in the hills. The postoffice was one of the first buildings to collapse. The staff escaped and after the first panic erected a hut in a field and is now busily engaged in the search for the missing.

JAPAN DEALS WELL WITH DISASTER

Soldiers and Police Prevent Pillage in Districts Wrecked by Quakes.

Mountain of Fire Described by Refugees as Being Terrifying.

(Continued From Page 1.)

gaged in repairing the telegraph system. Repairs to the telegraph system are being made by the Japanese government.

All Americans in the vicinity are safe. Word to this effect was received from Carl Deischman, the American consul at Nagasaki, who telegraphed as follows:

"A private telegram states that Americans in Kagoshima fled to Sendai, nearby. All safe."

Several American missionaries were reported to be safe.

TERRIFYING SIGHT.

San Francisco, Jan. 14.—The height of the eruption, as pictured in reports as a terrifying mountain of fire. The air for miles around is thick with ash and smoke. The police and soldiers soon after the disturbance began made many rescuees from the island of Sakurajima. The people at first did not seem to realize their danger and were slow trying to escape. It is feared that many were killed before reaching the shore. Thousands, pursued by a rain of fiery stones, fled to the beach, half submerged in water, and gesticulated wildly to the steamers and fishing boats for aid. One small steamer saved 300 persons, while the other boats also did noble rescue work. The Japanese government reported yesterday that Sakurajima had been entirely evacuated.

The Japanese destroyers that were dispatched to the scene were unable to complete the journey. Stormy weather and high seas compelled them to return to Sasebo. The second squadron of armored cruisers, consisting of the Iwate Tokuma and the Yakumo, were then hurriedly sent off and is expected to reach Kagoshima tonight.

WIRELESS INTERRUPTED.

Link between Japan and the United States was broken. Official advice from Kumamoto, dated yesterday, reported that the station at Sakurajima. Messages there are directed toward the repair of the station. The station is expected to be repaired by the Japanese government.

With the distress caused by the volcanic eruptions and earthquakes in the south and serious famine in the north, the government is bent on every effort to relieve the double affliction. Naval vessels, with food and other supplies, will be sent as soon as possible. In Tokio this morning a sulphurous odor in the air was followed by equally thunderous rain. The storm is attributed to the disturbances in the south.

DESCRIPTION OF SCENE.

NAGASAKI, Jan. 14.—A vivid description of the awe-inspiring scene in island of Sakurajima. The eruption continued from the island. The scene was described by the captain of a Japanese steamer which arrived from Kagoshima. The captain rescued 200 persons.

"It was perilous to approach the land," he said, "as columns of water came continually from the Gulf. All the same time people and cattle ran pell-mell toward the beach in a wild effort to escape."

"Hundreds stood along the shore, unable to find any means of escape."

PRESIDENT SENDS MESSAGE.

WASHINGTON, Jan. 14.—An exchange of cables from President Wilson and the Emperor of Japan over the Sakurajima disaster was made public today. President Wilson's message, sent last night, was as follows:

"To His Majesty, the Emperor of Japan: Having learned of the unprecedented disaster that has visited your country through earthquake and tidal wave, I beg to assure your majesty and the Japanese people of my deep sympathy and that of the American people."

(Signed) WOODROW WILSON.

President Wilson received the following reply from Emperor Yoshihito: "Pray accept my sincerest thanks for the sympathetic message sent by yourself and American people for the terrible disaster."

FATHER RICHARD'S WARNING.

SAN FRANCISCO, Jan. 14.—The terrible earthquakes in Japan were predicted by the Rev. Father Jerome S. Ricard, head of the meteorological observatory at the University of Santa Clara. In his forecast of disturbances for January issued December 20, at that time the venerable forecaster said: "There will be violent earthquakes in the places of greatest seismicity, South America, Japan and the Islands of the forecast yesterday and earthquakes in Japan. Father Ricard said:

"The destructive earthquakes in Japan, according to the calculations at the University of Santa Clara, were caused by the action of the sun and the shape of a Jacula which was observed from the Santa Clara observatory January 4."

MUSTEROLE A Magic

Remedy for Rheumatism

Ease that throbbing pain, that splitting headache in a twinkling with a little MUSTEROLE.

Try this clean, white ointment (made with oil of mustard), to-day. Millions have found it a marvelous relief. Millions use it now instead of the old-time mustard.

For sore throat, bronchitis, croup, whooping cough, colds, influenza, etc., apply a little MUSTEROLE to the throat.

For rheumatism, neuralgia, etc., apply a little MUSTEROLE to the affected part.

Accept no substitute. If your druggist can't supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio.

For postage prepaid, send 50c to MUSTEROLE Company, Cleveland, Ohio.

For a full description of MUSTEROLE, send for free literature.

Little Miss Musical Prodigy

Brilliant Prospects Predicted

Selma Warfel, 8-Year-Old Child, Shows Ability

Pretty Selma Warfel, eight-year-old daughter of Mr. and Mrs. J. W. Warfel of Crestwood street is the latest artist to be added to the local colony of little set of musicians. "La petite enfant" as she is called by her elders and her playmates, recently surprised her friends by presenting a number of difficult compositions of the masters. Only three months ago the child commenced to study and has shown marked ability for music. The child has manifested great appreciation and is a lover of classical music.

G. O. P. COMES OUT FOR REGISTRATION

Despite Downpour of Rain Many Voters Swarm the Registry Office.

(Continued from Page 1)

men and 1,851 women. Of the total number the different factions make a showing as follows:

Progressives, 3,438; Republicans, 2,890; Democrats, 747; Socialist, 345; Prohibition, 53; Independent, 37; no party, 149. There are a few scattering registrations of newly created "parties," among them several Progressive-Republicans.

The question has been raised as to the interpretation of the law in regard to the designation of party affiliations of candidates on the primary ballot for county officials. The Superior judges have no party designation and the law provides that the other candidates should go on the ballot in a similar manner, while the sample ballot shows designation of party. The question will probably be decided by the courts.

Politicians were busily gossiping today on the result of congressional elections. Action in writing to Governor Johnson from Washington a message of good will and a tender of "assistance" in the latter's campaign for reelection.

CONTENTS OF TELEGRAM.

The Kent telegram is said to have read as follows:

"Sincerely believing that your decision on the result of congressional elections is a sacrifice of political ambition and personal comfort, I desire to renew my tender of loyal assistance in your campaign and my continuing to help in all matters that affect the welfare of the State. My devotion to progressive politics is not circumscribed by party lines and my endorsement of the President can in no way conflict with support of you, a champion of the welfare of our State and through it of the Nation."

Those who are in touch with the political wire-pulling can see nothing less in the above telegram than an intimation from Kent that he will open his purse strings in behalf of Governor Johnson if the latter will accept an alliance with him. Such an alliance would mean that Johnson would not advance Chester Rowell or any other Progressive candidate against Francis J. Henry whom Kent wants to see get the nomination for the Senate. Just how Kent proposes to continue as a "National Democrat" and a "State Progressive" some of his best friends are unable to see.

ESHELMAN DECLINES COMMENT.

Railroad Commissioner John M. Esheleman had no comment to make today over the action of leading progressive politicians who gathered at the Palace Hotel in San Francisco late yesterday afternoon and appointed a committee of seven to wait upon him. Friday of this week and urge him to run for the lieutenant governorship. The members of the committee are: Charles S. Wheeler, chairman, Mrs. Elizabeth Gerberding, Congestion, Pleurisy, Rheumatism, Lumbago, All Pains and Aches of Back or Joints, Sprains, Sore Muscles, Stomach Troubles, Headaches, Colds of the Chest (it prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50.

Accept no substitute. If your druggist can't supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, Ohio.

DOWNPOUR UNDERMINES HISTORIC "NOB HILL"

Heavy Weather Predicted for California Tonight and Tomorrow

(Continued From Page 1)

inches. Then the water-soaked snow froze and now, with a fresh fall, an enduring reservoir of water for the summer months is assured.

The wind and rain storm which swept over the harbor during the night and morning hours today did no damage on the local waterfront. Shipping interests had previously been warned of the impending storm and were prepared for the rough weather. The steam schooner North Fork, Captain Nelson, came in yesterday from Santa Cruz and docked at the Sunset yards.

The craft experienced heavy weather during the passage, as was sweeping over her deck and waves as high as the ship's top. No damage was done, although the vessel rolled perilously at times. The work of re-

"shorts" making it impossible to handle the electric mechanism.

BORE HOLES IN SKULL TO INJECT SERUM

PHILADELPHIA, Jan. 14.—A patient in a local hospital upon whom surgeons yesterday performed a rare operation in an effort to save him from the ravages of paresis, died yesterday.

In an effort to save a man, said to be hopelessly afflicted, surgeons bored holes in his skull and injected into the diseased brain a serum used only in the most dangerous of all blood diseases. The patient was 51 years old.

The operation performed twice in Paris, has proved of benefit in arresting the disease. The operation yesterday was the first of its kind performed in this country. It is said the patient did not revive sufficiently from the shock because of previously weakened vitality.

Working Girl—"It takes half my money to get my waists laundered. I'd do them myself, but I can't get hot water in our boarding house."

Anty Drudge—"Use Fels-Naptha Soap, dear, and you won't need hot water. You can do them in cold or lukewarm water, and you'll save that money."

A large part of every woman's life is spent in fighting dirt. Water is her chief ally. The other is Fels-Naptha Soap. Fels-Naptha makes dirt disappear.

Fels-Naptha Soap is made especially for washing clothes in cool or lukewarm water. It does away with boiling and hard rubbing, steaming suds, and back-breaking work.

Clothes washed with Fels-Naptha Soap are cleaner and fresher and last longer.

Be sure to follow directions on the Red and Green Wrapper.

McPIKE IS TOLD NOT TO SELL McCREERY SOIL

LONDON, Jan. 14.—The High court made permanent yesterday an injunction restraining H. H. McPike, a San Francisco attorney, from disposing of the property of Walter McCreery, for whom McPike was appointed guardian by a San Francisco court at the request of McCreery's relatives.

McPike, through counsel, expressed willingness, now that McCreery has been pronounced competent to manage his own affairs, to hand over to him any property held for him and to pay the costs. He said he had never intended to sell the furniture taken from McCreery's house, Bliton Park, at Rugby, and was prepared to hand it back.

The court announced that there was no imputation of dishonest motives against McPike.

CLARK H. WOODWARD NAMED FAIR ATTACHE

WASHINGTON, Jan. 14.—Lieutenant-Commander Clark Howell Woodward, U. S. N., was yesterday officially detailed by the Navy Department to the Panama-Pacific International exposition at San Francisco, vice Lieutenant-Commander David Foote Seligson, promoted and ordered on sea duty. Woodward will have charge of all naval affairs concerning the exposition. Lieut. Commander Woodward is in command of the second group of torpedo flotilla with the Atlantic fleet. He is related to Clark Howell, editor of the Atlanta Constitution, for whom he is named.

SALT LAKE CITY POLICE TAKE ALLEGED MURDERER

SALT LAKE CITY, Jan. 14.—Joseph Hill, a musician, was arrested at Murray near here, early today and later identified the police say, as one of the two men who killed John G. Morrison and his son, J. Arline Morrison, last Saturday. Hill, who had taken refuge at a friend's house, was suffering from two bullet wounds which the police believe were received in the fight in the Morrison grocery store. He refused to say anything other than that he had been shot in a quarrel.

The identification was made by Merlin, a young son of the grocer, and the two men who were formerly a policeman.

RELIGIOUS CULT LEADER INDICTED IN SEATTLE

SEATTLE, Wash., Jan. 14.—Albert Dahlstrom, the religious cult leader, arrested at Tacoma by federal officers several weeks ago and alleged to have had more than twenty previous marriages, was indicted by the federal grand jury on a charge of violating the Mann anti-white slave act by the transporting of Frica England from Seattle to Fresno, Cal., September 27, 1912. After the indictment was returned, Dahlstrom was released on \$3,000 and the trial set for March 10.

R. W. TULLY'S NEW PLAY PRODUCED IN N. Y.

NEW YORK, Jan. 14.—"Omar the Tent Maker," the first play ever written with Omar Khayyam as the central figure, was given its first performance here last night at the Lyric Theater, with Guy Bates Post in the title role. The play, written by R. W. Tully, is the author. The production was elaborate with five scenes done in exquisite colorings. The brilliant first-night audience was enthusiastic.

RESIGNS LOUISVILLE & NASHVILLE DIRECTORATE

LOUISVILLE, Ky., Jan. 14.—The widespread agitation against interlocking directorates induced Milton H. Smith, president of the Louisville & Nashville railway, to resign yesterday as a director of the National Bank of Commerce here. This resignation was given by Smith yesterday at the bank's annual election.

GREW HIS OWN COFFIN.

HARRISBURG, Pa., Jan. 14.—John Snyder, a farmer, was buried near here in a coffin made of wood from a walnut tree which he planted and cared for all his life. He was 83 years old. When his health failed he directed that his coffin be made of the wood of his favorite tree.

WOMAN DIPLOMAT.

LONDON, Jan. 14.—The first woman to take up the diplomatic service as a profession has just been appointed in Christiania. She is Miss Henrietta Hoegh, 27 years old and is to be first secretary of the Norwegian legation in Mexico.

AN IDEAL WOMAN'S LAXATIVE.

Who wants to take salts, or castor oil, when there is nothing better than Dr. E. C. Bucklen & Co., Philadelphia or St. Louis.

MARSHALL SEEKS BIBLE EDUCATION

The Vice-President Addresses Council of Church Board of Education.

(By Associated Press)

WASHINGTON, Jan. 14.—"Five hundred thousand young people who hope to achieve success in life are being sent forth from the schools of this country annually and 400,000 of them are failing," Vice-President Marshall last night told the council of the church boards of education in the United States in session here. Marshall asserted some change in the school system was necessary.

"It must be remembered," he said, "that four out of five of the young people who come from the high schools and colleges are failures. This condition exists partially because it is impossible to teach the Bible in the schools."

Representatives of fourteen denominations with a constituency of 18,000,000 are attending the meetings of the council.

TICKETS FOR PADEREWSKI ON SALE AT OFFICE

Tickets for the coming Paderewski concert will be placed on sale at the box office of Ye Liberty playhouse tomorrow morning. The great Polish pianist will give a superb program at that theater next Tuesday afternoon. This mere announcement is a guarantee of the enormous interest, for no artist in the world holds so firm a grip on the affections of the public than Paderewski, and the statement that he will be here soon will bring out as big a crowd as the spacious walls of Ye Liberty can accommodate.

In the politics of the pianoforte Paderewski might be termed the "Lord Chief Justice," for his authority is the last word, and he rules with undisputed sceptre over the piano virtuosos of the age.

Among the numbers which he will play at this Oakland concert are the Bach prelude and fugue in A-minor, arranged by Liszt; Beethoven's Sonata, op. 27, No. 2 (Moonlight); four Schumann works—"Des Abends," "Aufschwung," "Wanderung," "Grillen"; Schumann's Op. 6 and the Ed-King, Schubert-Liszt; a Chopin group including Ballade in A-flat, Nocturne in B-major, Polonaise, op. 53; the "Liebestod" from "Tristan and Isolde," by Wagner, arranged by Liszt; and the Liszt Second Hungarian Rhapsody, which no one in the entire world can play like Paderewski. In fact, in the playing of the Liszt Rhapsodies, Paderewski has created a new pianistic art.

The Paderewski concert will assuredly be one of the great events in the local in Oakland, and it behooves his legion of admirers to secure their choice places early.

JUDGES RECOMMENDED FOR HAWAIIAN ISLAND

HONOLULU, T. H., Jan. 14.—Governor L. R. Pinkham, in a cable message to President Wilson yesterday recommended the appointment of Edward M. Watson and Arthur A. Wilder as Associate Justices of the Supreme Court to succeed Justices John T. de Bolt and Antonio Perry, Republicans, whose terms expire shortly.

Judge Wilder formerly was an Associate Justice on the Supreme bench, but resigned to resume private practice. He and Watson are members of the same law firm in this city.

TO GO TO GERMANY.

WASHINGTON, Jan. 14.—A party of about twenty-five American teachers will go to Munich, Germany, in April to study the educational methods employed in the trade continuation schools of that city. The federal bureau of education announced today.

RAINFUL ERIPTION ON ARM AND HANDS

Could Not Stand Any Clothing on Arm, Itching Intense, Scratching Made Spots Larger. Cuticura Soap and Ointment Cured.

Box 85, Fulton, Ill.—"My trouble began with just a little red spot on my arm and very gradually increased until it had become a large, itchy, inflamed area. Then they spread to different parts of my arm and hands. I could not stand any clothing whatever on the arm, it seemed to irritate it so. The itching was so intense that I scratched and made the spots larger and more sore. I could not stand to put my hands in water very much. It gradually grew worse. It was very painful and the itching was terrible. It also disfigured the arm for the time being.

Then I began using different remedies without getting any relief. Seeing the advertisement of Cuticura Soap and Ointment in the paper I thought I would try them. After using Cuticura Soap and Ointment for two weeks I noticed a slight improvement. I used one box of Cuticura Ointment and three cakes of Cuticura Soap and in three months I was completely cured." (Signed) Mrs. M. Hanson, Sept. 19, 1913.

Not only are Cuticura Soap and Ointment most valuable in the treatment of eczemas and other distressing eruptions of skin and scalp, but they are also most effective in the treatment of pimples, blackheads, red, rough skins, itching, scaly scalp, dandruff, dry, thin and falling hair, chapped hands and chapped heels. Cuticura Soap and Ointment sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

VALLEJO NEWS

COURTMARTIAL TO TRY NAVY OFFICER

Civil Engineer A. J. Menocal on Mare Island Duty to Answer Charges.

Nature of Accusations Against Olongapo Official Not Made Public.

VALLEJO, Jan. 14.—Civil Engineer Adolfo J. Menocal, U. S. N., public works officer at Olongapo, P. I., and now at Mare Island on temporary duty, has been ordered court-martialed at the local government plant on Monday, the 19th inst. The charges that have been filed against the Olongapo officer have not as yet been made public.

Captain C. H. Pond, U. S. N.; Captain C. A. Gove, U. S. N.; Pay Director C. M. Ray, U. S. N.; Medical Inspector W. M. Gove, U. S. N.; Commander J. M. Reeves, U. S. N.; Professor T. J. J. See, U. S. N.; Lieutenant Commander F. D. Kears, U. S. N.; and Lieutenant C. S. Kempff, U. S. N., Captain A. P. Crist, U. S. M. C., retired, of San Francisco, will act as judge advocate.

MARE ISLAND EMPLOYEES UNITED IN MATRIMONY

VALLEJO, Jan. 14.—In San Francisco yesterday, Horace G. Reed, quartermaster at Mare Island navy yard, and Miss Constance Hilbert of this city were united in marriage. Following the wedding ceremony the young couple departed on the steamer Yale for Los Angeles, where they will spend their honeymoon. The bride is well known in this city having been employed as a stenographer at Mare Island for some time. Upon their return to this city they will take up their residence in Capitola street.

REPORT ON ANALYSIS OF STREET PAVING MIXTURE

VALLEJO, Jan. 14.—The final report on the analysis of samples of pavement taken from the Virginia-street paving district reached this city today when a representative of the firm of George Hunt & Company, chemists, of San Francisco, who had been engaged to analyze the samples secured by the property owners, arrived here and submitted a report concerning the mineral aggregate of the pavement. According to the report the percentage of hard rock found in the samples tested was 28.4, while the specifications call for between 40 and 50 per cent. However, the Barber people contend that the specifications call for this percentage in the mixture and not when the pavement is placed on the road. They claim that in hauling the mixture from the plant to the street the fine rock has a tendency to settle to the bottom and that when the mixture is spread the rock may not be evenly distributed over the street.

Now that the final report has been received, City Engineer Thompson is preparing a complete report showing the results of the various tests and this report will probably accompany the acceptance which he was directed to make by the city council. He will also furnish a complete report to the property owners.

J. J. Luchinger, representing the property owners' committee, announced this morning that a meeting of the executive committee would be held tomorrow evening, at which time the matter would be discussed and some definite report prepared to be submitted to the council in the afternoon. He is of the opinion that the matter will soon be settled to the satisfaction of both sides.

FOUR CRIMINAL CASES AWAIT TRIAL AT VALLEJO

VALLEJO, Jan. 14.—When Superior Judge Sargent of Monterey county assumes the bench in the superior court at Fairfield tomorrow he will find a congested court calendar, due to the continued illness of Judge Buckles. Four criminal cases are awaiting attention, namely, the McGee and Brown cases, the case of Mrs. Frank McGee of this city, charged with an attempt to commit murder, and the case of James McGee, charged with the same crime.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. This suffering is in constant dread, the patient passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. This is extremely annoying and sometimes very painful, this is really one of the most simple ailments to cure. A glass of Salts will flush out the new acid from your system and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad causes no bad effects whatever.

Here you have a pleasant, effective, and reliable remedy, which quickly relieves bladder trouble.

GIRL ASKS COURT TO PASS SENTENCE

Convicted on Charge of Operating Fake Matrimonial Bureau.

INDIANAPOLIS, Ind., Jan. 14.—Miss Louise Harris, a Princeton, Ind., girl who, with her parents and a brother and sister, was convicted today when Judge A. B. Anderson in the United States District Court, suspended sentence.

The girls, who had confessed to having been engaged to fifty men at one time, pleaded guilty to an indictment charging her with using the mails to defraud.

The parents were given sentences a few days each.

"I want to be punished," Miss Harris told the court, "for a suspended sentence hanging over me would always cause me worry."

TALK OF HARD TIMES DECLARED NONSENSE

WASHINGTON, Jan. 14.—"Every indication pointed yesterday to unusually prosperous times within the next year."

This statement was made in the House by Majority Leader Underwood in answer to attacks by Representatives Mendell of Wyoming, Humphreys of Washington, and Barclay of Pennsylvania, who quoted gloomy figures to show that a condition of business depression exists throughout the country.

Representative Reed, a New Hampshire Democrat, and Representative Fowler of Illinois said business is flourishing in their states. Hardwick of Georgia and Cox of Indiana also denied the existence of depression.

"I have heard birds of ill omen croaking for many months," said Underwood, "and I have not stopped to reply because I knew the reply was of itself coming from the majority of the people."

ALIENIST PRESENTS BRAIN FOR MEDICAL RESEARCH

NEW YORK, Jan. 14.—In accordance with an agreement between Dr. Edward C. Thompson, alienist and specialist in nervous diseases, who died of apoplexy yesterday, and his son, Dr. Edward Anthony Spitzka, the anatomist of Philadelphia, the brain of the father was removed last night to be preserved for scientific research. The agreement between father and son, which was signed and witnessed first by the father and then by the son, provided that the brain of the father should be given to the son, who would add his father's brain to the famous collection at the Baugh Institute in Philadelphia, which he has gathered for the American Anthropometric Society. It was weighed today and sent to Philadelphia.

GOES TO JAIL TO GET CHANCE TO STUDY

PORTLAND, Ore., Jan. 14.—Louis E. Jackson, contending that he is a lecturer and author on philosophical, psychological and occult subjects, was sentenced to serve one year in the County Jail yesterday in the Municipal Court on a charge of larceny from a department store. Jackson says he stole to get into jail, where he intends to study the universal language and subjects upon which he has written and spoken.

SELECTING JURORS TO TRY WHEATLAND RIOTERS

MARYSVILLE, Cal., Jan. 14.—Greater progress was made yesterday in the selection of jurors to try the case of Richard (Blackie) Ford and three other members of the Industrial Workers of the World, who are charged with the riot of District Attorney Maxwell in the Wheatland hayrack riot last August. At the close of court yesterday five jurors had been sworn in and indications are that the jury will be complete before the case is called for trial.

McHolme, the local real estate and insurance agent who is charged with the larceny of the case of Edwin H. Williams, assignee of the credit of the defunct American Construction Company against the City of Vallejo and its former officials will also receive attention.

MARE ISLAND NOTES

VALLEJO, Jan. 14.—Naval Constructor Stuart F. Smith, U. S. N., who has been ordered to Mare Island, will be relieved by the late Mr. J. H. Smith, U. S. N., of Bremerton, who will be assigned to the trial court of the Navy at Mare Island. The late Mr. J. H. Smith was in charge of the Mare Island construction plant for several years.

The date of the completion of the repairs on the destroyer Tanager has been extended until Saturday, the 17th inst. The vessel had been at the yard for a month.

The late Mr. J. H. Smith was in charge of the Mare Island construction plant for several years. He was relieved by the late Mr. J. H. Smith, U. S. N., of Bremerton, who will be assigned to the trial court of the Navy at Mare Island.

CHARGED WITH WHITE SLAVE LAW VIOLATION

MOBILE, Ala., Jan. 14.—Dellish Bradley, the 17-year-old girl of Brown's Mills, Ala., a wealthy married resident of New Jersey town, yesterday was charged with the violation of the white slave law, which has a preliminary hearing today.

BEST IN QUALITY AND WINS FOR ITS ACCURACY

Tribune Annual Complimented on All Sides by Well-Known Citizens

Praise of THE TRIBUNE ANNUAL continues to be heard from every section of city and state. Here are a few more opinions of the Annual from prominent persons:

"BEST EVER"—DONAHUE.
William H. Donahue, Judge of the Superior Court—The annual for 1914 is the best that has been issued by THE TRIBUNE. It deals with the entire county in a thorough manner, setting forth the advantages of the various sections in pleasing picture form, narrative and statistics.

GREATEST YET ISSUED.
William S. Wells, Judge of the Superior Court—This year's annual is unquestionably the greatest yet issued. I have looked through it thoroughly and could not help but admire its many excellent illustrations and the timely articles that it contains.

AN ADMIRABLE COMPILATION.
Frank B. Ogden, Judge of the Superior Court—The annual is an admirable compilation. Its message is convincing to those in foreign parts who have never visited California. The illustrations are concrete examples of the beauties of the county. It shows the various associations of the land of sunshine.

COULD NOT BE BETTER.
W. H. L. Hytes, District Attorney—W. H. L. Hytes is perusing the annual and has concluded that it could not have been better. It is unquestionably the best that THE TRIBUNE has yet issued.

BERKELEY OPINIONS.
Here is what the Berkeley people have to say of THE TRIBUNE annual.
Charles D. Heywood, map of Berkeley—THE TRIBUNE annual interested me very much and seemed a most creditable effort. I was especially pleased with the large amount of attention given to Berkeley and the University of California. This is a growing community and I was pleased, and I think all citizens were, to note the prominent place given our city in the annual.

SHOULD PRESERVE IT.
Clarence S. Merrill, postmaster of Berkeley—THE TRIBUNE annual was a magazine that we shall keep. After I had read it with very deep interest I

Revamps The Blood And Drives Out The Impurities

Famous Remedy Works in the Billions of Cells to Scatter the Toxics that Cause Blood Sickness.

Throughout the body billions of the cells are constantly at work picking out from the blood their own essential nutriment. And there is one ingredient in S. S. S., the famous blood purifier that stimulates this important activity. It so stimulates these cells, so completely gets into the blood stream, that it tells the kidneys to discharge acids and other poisons; to arouse the skin to more healthy evaporation of poisons from the skin tissues. It is this intense and constant assistance of S. S. S. to the natural processes of cellular digestion and functional elimination that accounts for such rapid recovery from rheumatism and all blood diseases. S. S. S. being purely a vegetable combination is welcome to the weakest stomach. It improves the system in every way. And it is the

and much to praise in THE TRIBUNE annual for this year. I was specially pleased to note the articles regarding Berkeley and the university, and found them interesting from beginning to end. In fact, the whole annual was bright and net and worth reading.

CREDIT TO COUNTY.
Rev. F. X. Morrison, pastor of St. Joseph's church—THE OAKLAND TRIBUNE has given us an annual this year that has done much for the enterprise of its publishers and is a credit as well to the county. No feature of our county life seems to have been missed or treated in a perfunctory manner. I was specially pleased with the excellent illustrations.

PROUD OF IT.
James Kinney, Berkeley fire chief—THE TRIBUNE has given us an annual this year to make us proud of it. It is an excellent edition from cover to cover, and is doubly worth the time necessary to read it.

BOOK WORTH READING.
E. D. Niehaus, deputy county coroner—Fine! Fine! That sums up my opinion of THE TRIBUNE's annual for 1914. It is a book worth reading all the way through and it is of special value, it seems to me, as an advertisement for Alameda county. It shows that our county can do in a better way than anything else I have seen.

DOES ITSELF PROUD.
Ed L. Berg, undertaker—THE TRIBUNE has certainly done itself proud this year with the annual edition which has just reached us. Despite the beauties of former annuals I am satisfied that this is quite the best of the series THE TRIBUNE has produced.

MANY THINGS TO PRAISE.
Nath. W. Gray, manager Hotel Slavutsky—I have read THE TRIBUNE annual from cover to cover and find nothing in it to criticize but a dozen things to praise. It shows what Alameda county can do and has done. It seemed to me especially wise that Berkeley was given so much space. Berkeley deserved that much attention, and the managers of the annual seem to have been quick in grasping that fact.

DATA CORRECT.
A. C. Hull, manager of the local agency of the Hummable company—THE TRIBUNE annual is a commendable effort for its annual issue. The data and statistics quoted in its columns I have found to be correct and unexaggerated. The pictures in it are clear, and the material upon which they are printed is of the very best. I have already sent several of the edition to the east and intend to send more.

S. P. SENT IT EAST.
J. Richardson, district freight and passenger manager of the Southern Pacific—THE TRIBUNE has far outdone its previous efforts in this year's annual edition. The material in it is both accurate and interesting. To my mind this edition sets forth the various industries to better advantage than any other issue of similar nature ever issued in this vicinity. The Southern Pacific will distribute a number of copies to its eastern representatives as it has done in the past.

WHAT HEAD OF COLLEGE SAYS.
Brother Fabrian, president of St. Mary's college—In its 1914 annual edition THE TRIBUNE has placed before the public a work which, to my mind, sets forth accurately and to the best advantage the industrial and commercial development of Alameda county. It is a credit not only to its publishers, but to the county of Alameda.

BEST OF ITS KIND.
J. W. Gibbs, agent for Southern Pacific at Long Wharf—There is no doubt but that THE TRIBUNE annual is the best of its kind ever issued in this vicinity. Data in regard to the waterfront is placed before the public accurately and to the best advantage. The material is certainly worthy of mention.

COVERS ALL ANGLES.
DANIEL P. SULLIVAN, vice-president of local 533, Holisting and Portable Engineers—With its usual enterprise THE TRIBUNE has issued an annual edition which covers thoroughly every angle of Alameda county's agricultural and industrial advantages. The articles in it are interesting, and the issue is neat in its appearance.

ACCURATE AND ATTRACTIVE.
HARRY WOODWARD secretary of the Independent Butchers' Association—THE TRIBUNE annual is a work of art. It would be a credit to local people to be associated with its information as it covers thoroughly every angle of the county.

ORDER CHABOT OBSERVATORY TELESCOPE

Contract for New 20-Inch Instrument Awarded Warner-Swasey.

Mounting Will First Be Exhibited at Panama-Pacific Exposition.

The first official step in the work of constructing and equipping the proposed new Chabot Observatory was taken by the Board of Education last night when they held a

Swasey, of Chicago, the new twenty-inch telescope which will be placed in the new building. The Warner and Swasey firm, the lowest bidder for the contract, will first exhibit the mounting of the great telescope at the Panama-Pacific Exposition, and then install it in the Oakland observatory. The price of the instrument will be \$18,800.

of its size in the United States. At the middle, will be larger than that of the average man, as he is perhaps ten times as tall. The new telescope will be equipped with all the modern time appliances, and other accessories.

The fact that the telescope is to be exhibited saves Oakland that transportation charge—about \$700.

Several matters of routine business were transacted by the board. Miss Made Powell was granted a leave of absence from the Oakland High School from January 25 to July 1, 1914. Miss Henrietta Simpson was granted leave of absence from the Manual Training and Commercial High School from January 25 to July 1, 1914. Mrs. Planché Clarke Chamberlain was elected as teacher of English and assigned to the Manual Training and Commercial High School, her services to begin January 26, 1914. John C. Claff was appointed teacher in the history department of the Oakland High School for the term beginning January 25, 1914. A salary of \$1,000 per annum was granted to Miss Emily Craig of the High School for the term beginning January 25, 1914. The Superintendent of Buildings and Grounds was authorized to have a fence built at the Tompkins School separating the playground from the streets.

SPENCER AND GIRL TO BE TRIED IN SAN JOSE

SAN FRANCISCO, Jan. 14.—Miss Terrie Wise, the beautiful 16-year-old girl, and Herbert E. Spencer, a alleged accomplice in an alleged robbery, are to be tried in San Jose for the alleged slaying of a man named Mrs. Spencer, who has been separated from her husband and her son, and who was found dead in a field near the city of San Jose. The case was brought to the attention of the public by the San Jose Herald-Examiner, which has been carrying on a campaign for the release of the two defendants. The case is being tried in San Jose, where the crime was committed.

STOP STOMACH WORRIES NOW

And Use Stuart's Dyspepsia Tablets So That You Can Digest Each Meal Quickly and at the Same Time Renew Your Digestive Strength.

Learn once again how to smile and laugh, and stop this grouchy moodiness. This condition arises from a faulty digestion and can be removed by using this common sense and assist Nature a little.

"I AM A New Man Since Stuart's Dyspepsia Tablets Gave Me A New Stomach and Appetite."

If the stomach is overworked, its muscles become tired and gradually grow weaker and weaker until they are unable to take care of the food properly. The glands fail to provide the juices necessary to digest the food, and the result is a condition of indigestion, which is the cause of all sorts of pain, misery and weakness, as well as extreme danger to the health.

It is then that the stomach calls for help. Ordinary medicines are impossible. They not only fail to help the stomach, but injure the entire system. Medical men have studied the stomach and have discovered that the digestive juices consist largely of pepsin and nitrogenous ferments. What, then, would be more natural than to supply these properties artificially when the stomach is unable to produce them.

That is the object of Stuart's Dyspepsia Tablets. These powerful little agents replace the stomach's juices, and by giving it an opportunity to regain its normal strength. They tone up, strengthen and revitalize the secretory glands, mucous membranes, absorbing glands and muscular walls. They restore to the stomach its lost powers of digestion so that it can again do its work without assistance. They contain, in a concentrated form, every element necessary to digest all sorts of food, whether acid or alkaline.

If you experience an oppressive feeling just inside the lower end of your breast, and extending upward toward your heart, do not hesitate an instant. Get Stuart's Dyspepsia Tablets from the nearest

Not Intended to Put Modern Gyration in Curriculum

Sacred name of Montessori, Terpsichore, and Harvock Elia, tango in the public schools? Never! The scholastic authorities of Oakland are aroused, and one little rumor, growing out of a misunderstanding and bringing the criticisms of irate parents about their cars, have caused the wrath and the strenuous denials aforesaid. The tango, the Hestiation Waltz, and the Onestep will not be taught in the schools, said George Dickie, playground superintendent. It is surprising to think that anyone would have suspected it.

A committee, appointed at the recent session of the Teachers' Association to investigate the new dances, explains Dickie, is responsible for the rumor. This committee was empowered to inspect new dances, state how folk dances and other dances taught in the schools might be improved—but never a word was said about the tango. The dances were last year during the year, and the committee was adopted by the four hundred. The dance investigation, while it may include inspection of the new dances which have aroused criticism, does not contemplate the tango. The committee, which includes the following members: Chairman George E. Dickie, Superintendent of the Oakland playgrounds; and the following members: Mrs. Signe Hagelthorn of the Oakland School Department, Etta Peris of Stanford and Graham Moody, physical director of the Berkeley High School.

YOUNG COLLEGIANS ARE HAPPY IN MATRIMONY

BERKELEY, Jan. 14.—We don't know where we're going to live and we don't know if my husband is going back to college and we don't know if I am going back to college and we don't know any other detail except that we are very happy. This afternoon declared Mrs. William Watkins Morgan, who until her wedding at Redwood City yesterday was Miss Dorothy Schumann, a student in the University. Mrs. Morgan's husband is a reporter for the time that she and Morgan took to Redwood City for their wedding. "We intended being married in Oakland," she said, "but when that reporter came up to us, we thought we couldn't stand all that publicity and so we just ran away to Redwood City. We wanted to keep it very secret except for my parents, who, of course, knew about it, and thought the Redwood trip would help us out."

WANTED IN PORTLAND, WOMAN ELUDES POLICE

SAN FRANCISCO, Jan. 14.—Detective Dackulich and Detective Mackey arrested Mrs. Titus, wanted in Portland on a grand larceny charge on the arrival of the steamer Beaver from Portland this morning. Then they turned their backs a moment and the woman stepped into a taxi and was whisked away to freedom. It happened that on the same steamer there arrived a crowd of strike-breaking costers. Detective Mundell and the firm's agency was on the dock to meet them. A crowd of union sympathizers surrounded Mundell and there was a general mixup. Mundell was getting the worst of it and Dackulich and Mackey, hearing Mrs. Titus for a moment, rescued him. The woman saw her chance and escaped.

JURY FOR RIOT MURDER BEING GATHERED SLOWLY

MARYSVILLE, Jan. 14.—The process of securing jurors to try the riot murder defendants proved a slow one today, little progress being made up to noon. The jury is being gathered slowly.

Rains Weaken Fills On Railroad Lines

SAN FRANCISCO, Jan. 14.—Heavy rains and high tides have weakened the new fills of the Southern Pacific railroad between Davis and Sacramento in the Yolo basin that Division Superintendent Freeman routed all trains today by way of Stockton. He hoped to have the embankments reinforced tonight. If the weather was not too unpropitious between Webster and McKon the same trouble has been experienced. Wherever there has been new earthwork it has become sodden and has sunk. The Oakland Branch & Eastern had much difficulty in the cuts and fill back of Oakland, through the Pittsburg hills with slides and settlements, and the new trains brought fresh slips. In the Niles canyon the Southern Pacific was busy digging out earth, rock and mud from the tracks of the new line, and had to keep trains running, though many were late.

Youthful Bandits Are Taken to Reformatory

Eastland Britton and Millard Cooke, the two youths who turned bandits and held up the clerks of the Hotel Athens on the night of December 2, were taken to the state reformatory at Lone today by Deputy Sheriff Van Dervoort. They were committed by Superior Judge Donald McCall to the reformatory during their minority. It is probable, however, that they will be released before the expiration of their term providing that they make good records.

WEATHER FORECAST

Oakland and vicinity—Rain tonight and Thursday, light to heavy. Friday, clear and sunny. Saturday, clear and sunny. Sunday, clear and sunny.

COTTON REPORTS ON U. S. OUTPUT

December Consumption and General Market News in Census Figures.

WASHINGTON, Jan. 14.—Cotton consumed in the United States during December amounted to 1,200,000 bales, including 1,200,000 bales of foreign cotton and 22,114 bales of domestic cotton. The total consumption for the year to date is 12,000,000 bales. The production for the year to date is 12,000,000 bales. The net exports for the year to date are 1,200,000 bales. The net imports for the year to date are 1,200,000 bales. The net stock for the year to date is 1,200,000 bales.

CHICAGO AMERICANS TO PLAY AT SACRAMENTO

CHICAGO, Jan. 14.—The first training trip games of the Chicago American League team will be played at Sacramento, Cal., March 9, 10 and 11 according to announcement today. The signal contract of Melville Wolfgram, a pitcher, was received at the White Sox office.

DANGERS OF A COLD.

Do you know that of all the minor ailments, a cold is the most dangerous? It is not the cold, but the serious diseases that they so often lead to. For that reason, you should be careful to get rid of a cold with the least possible delay. To accomplish this you will find Chamberlain's Cough Remedy of great help to you. It loosens a cold, relieves the lungs, aids expectation and enables the system to throw off the cold. For sale by Osgood Bros. Drug Stores.

Dental Office Open Evenings

This being our busy season, we are going to keep the office open Monday, Wednesday and Friday evenings, from 7 to 9 P. M., other evenings by appointment. We are also open Sunday mornings from 10 to 12 and week days from 9 a. m. to 5:30 p. m.

This gives everyone an opportunity to get my won- derful Rootless set which is

Fighting With Falsehood and Filth.

It is claimed by some of the advocates of the liquor ordinance the saloonkeepers are trying to induce the people to adopt in the place of the wholesome ordinance now in force that the present ordinance discriminates in favor of the local breweries. The statement is absolutely false. It has been put forth to deceive and mislead honest men. When any man makes that statement ask him to quote the clause of the present ordinance that gives the local brewers an advantage over their competitors in other cities. The present ordinance does not discriminate in favor of anybody. It was not designed to discriminate in favor of the local brewers or anybody else. The Oakland brewers pay taxes in this city, and their license was raised \$500 a year. They are compelled to sell their beer on precisely the same terms as the brewers in other cities who pay no taxes here. Everybody who sells liquor in this town is required to pay the same license and comply with the same regulations.

But the advocates of a wide-open town never confine themselves to facts. They invent false issues, attack motives and circulate calumnies. No lie is too foul for them to tell, no story too basely false for them to circulate. Defending social corruption, they endeavor by falsehood and detraction to rub their infamy off on others. That they realize their own moral turpitude is shown by their endeavor to make people believe that those who are standing for better things are prompted by base motives. They use calumny and libel to promote an indecent and immoral cause.

A truthful statement of the bare facts would be to condemn themselves, therefore they resort to subterfuge, artifice, falsehood, bribery even, to accomplish an end destructive to good morals, good order and good government. For example, the liquor men have raised an enormous slush fund—not less than \$30,000—to carry the ordinance they have framed. This money cannot be legitimately expended. It is, in fact, a corruption fund. But the beneficiaries of this fund are confessing their own guilt by accusing those who are standing for the present ordinance of holding out for a bribe, of waging the fight for civic betterment in the hope of being bought off. The crook with the coin in his pocket accuses the man who is standing up for public decency of being a bidder for the base wages which the calumniator is receiving.

But that has been the history of all contests in which the liquor interest has been arrayed against public morality. Filth fights with filth. Indecency ever seeks to justify itself by charging those who condemn it with being indecent. Dirty men enlisted in a dirty cause invariably make a dirty fight. Killing a polecat inevitably raises a stink. It is the same when the people undertake to put an end to the dives and deadfalls.

Having been convicted of fraud and sentenced to a term in prison, that accomplished swindler, John Grant Lyman, announces that he will henceforth devote his life to reforming first offenders. He had better reform himself before offering himself as a missionary of reform. Reform is an excellent thing, therefore a thing to be encouraged, but the most dangerous foe to genuine reform is the bunco artist who simulates virtue and benevolence to serve nefarious ends. All his life a swindler and confidence man, Lyman will have to give better evidence than his mere assurance (which thousands have relied on in the past to their cost) that he has suddenly become an apostle of righteousness and philanthropy. If he is sincere, he is to be encouraged, but when is a man like him sincere? More likely Lyman is working a confidence game on the public in the hope of securing speedy release from prison.

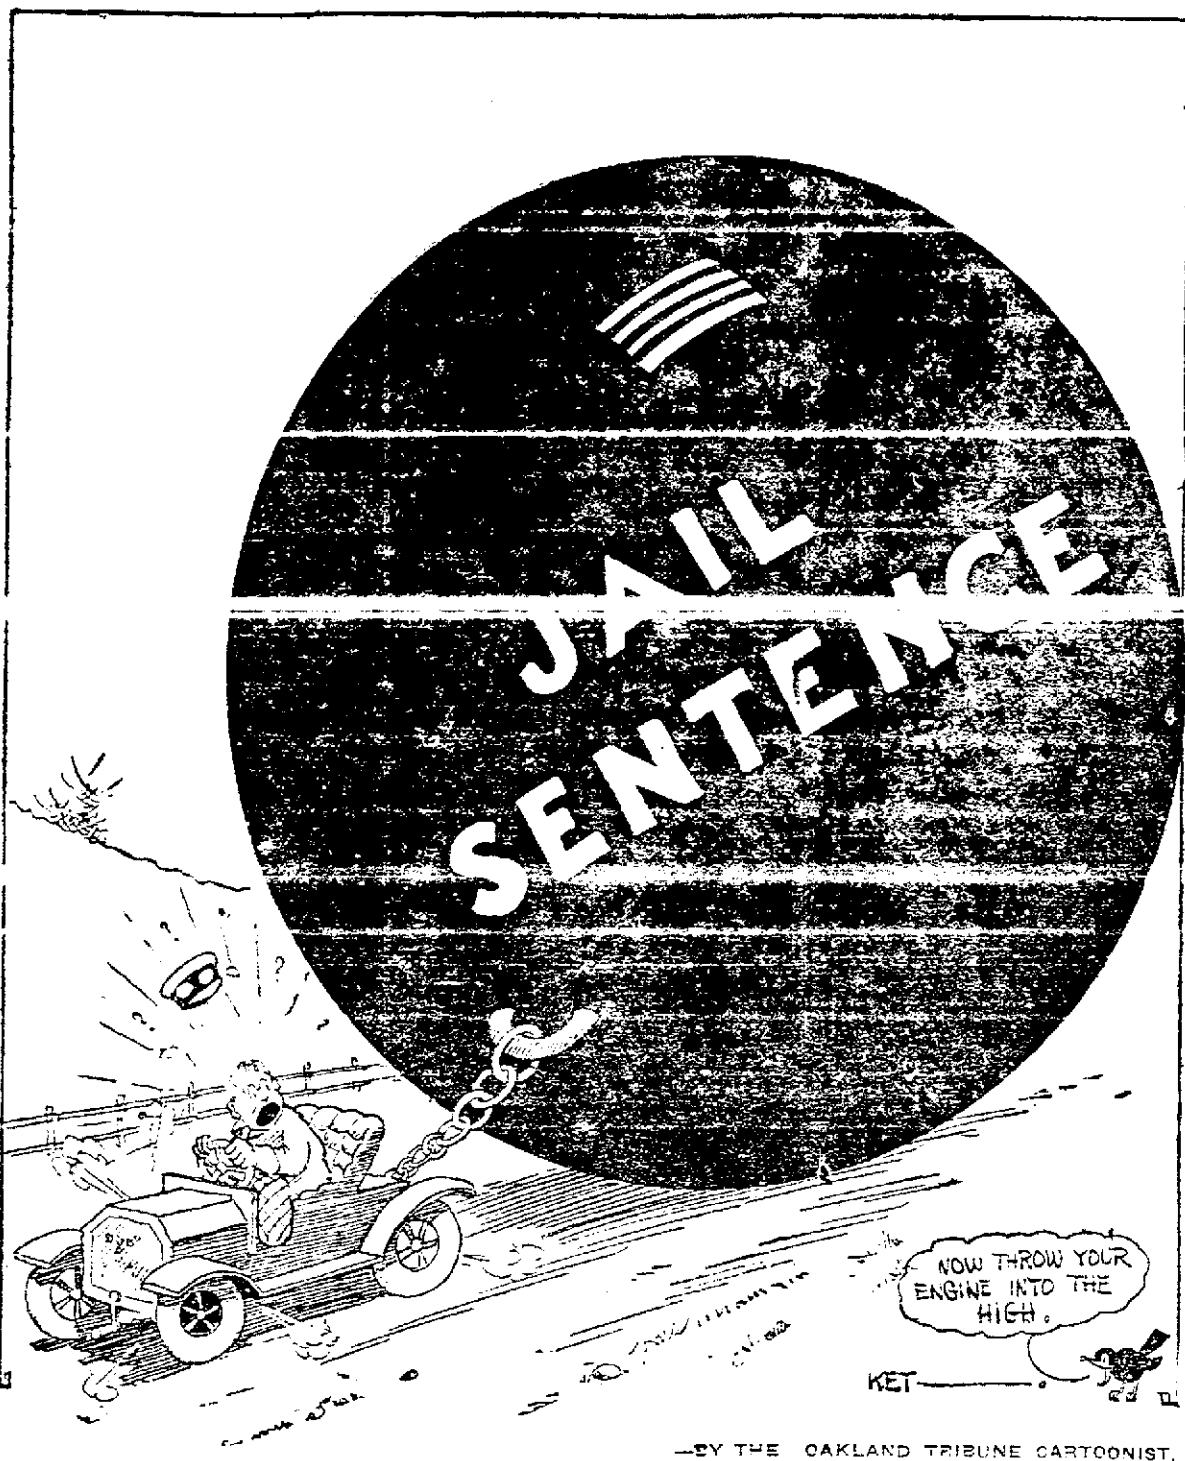

Should John M. Eshleman be nominated for Lieutenant-Governor he would doubtless be elected, but the State would be done an ill service by taking him from the Public Utilities Commission to make him a mere figure-head. We shrewdly suspect that a good deal of the clamor for Eshleman's nomination for Lieutenant-Governor comes from men who would like to get him off the Utilities Commission. Doubtless the job-holders want him to run because they know he will add strength to the Progressive ticket, but it is difficult to discern the benefit the State will derive from taking Eshleman from the high place he now fills with such signal ability and putting him in an office without power or influence. Using a man like him for a political make-weight and then shelving him is not an act of true friendship, nor one indicative of sincere regard for the public interest.

Strenuous efforts are being made to induce Governor Johnson to make the race for re-election carrying Heney on his back. Heney will be a tremendous handicap.

The Earthquake in Japan.

Japan has been visited by one of the calamities so common in the island empire. An earthquake has destroyed a large city and killed thousands of people. The financial loss is a mere bagatelle compared to the loss of life and the sorrow and suffering inflicted on the survivors. Japanese history is studded with similar calamities. The frequency of destructive temblors, coupled with the scarcity of wooden building material, has induced the Japanese to evolve a type of architecture exceedingly light and frail, but less dangerous than stone or brick during volcanic convulsions. Still the absence of stone and heavy timber in the great majority of dwellings has not made life safe when earthquakes rock the land. The steel frame building is the most enduring form of construction yet devised. It insures the largest measure of safety yet discovered. It stands when all other buildings fall, for its piliary allows it to sway and yield instead of standing rigidly until it crumbles with a crash. Not a life was lost in any steel frame building in San Francisco. Indeed, the loss of life was trifling compared to the enormous loss of property. However, fire occasioned more than ninety per cent of the loss, although popular imagination ascribes the destruction of San Francisco to earthquake. The earthquake broke the electric wires and gas connections, which started the fires, and broke the mains supplying the water required to extinguish the flames. Yet the actual damage caused by the earthquake was small. In Japan the same loss and the people were destroyed by earthquake, and the work of destruction was completed by a tidal wave.

SLOWING 'EM DOWN

—BY THE OAKLAND TRIBUNE CARTOONIST.

20 YEARS AGO TODAY

The mayor appointed this afternoon four additional members of the citizens committee in aid of the unemployed as follows: L. H. Wakefield, C. Nordhausen, Judge E. M. Gibson and Dexter Pierce.

Several prominent Oaklanders have been invited to attend the seventh annual field trials of the Coast Field Trials Club, among them being Judge Henshaw, A. A. Moore, Walter Mathews, Richard Metcalf and Thomas Prather. Mrs. A. M. Marcellus, wife of the late E. P. Marcellus, secretary of the California Pioneers and once postmaster of Oakland, has received a handsome bequest of \$5000 from the late Amariel Pierre, who died in San Francisco.

The local Chinese Registration Bureau has succumbed to the force of popular opinion. Deputy Joseph has seen Collector Weiborn concerning the matter and as a result the office will be moved from the rear of O'Garra's saloon to some place near Chinatown.

The politicians are commencing to lay their wiles for the fall campaign, which is going to be a very lively one. De-Clare has been mentioned as a possible candidate for United States Senator. William P. Davis may be a candidate for Governor and Senator Perkins will be a candidate for re-election, of course. Ex-State Senator A. P. Williams has been mentioned as an available candidate for the Republican nomination for Governor. County Recorder Red W. Church will seek the clerkship of the Supreme Court; George Oakes, editor of the Hayward Journal, is out for State Printer again. Judge F. W. Henshaw is a candidate for the Supreme Court bench and James A. Waymire of Alameda may stand for Congress. There will be a contest for Sheriff W. S. Hartley, Webb Pierce, Louis Schaffer and W. H. H. Husey will ask for the Republican nomination while Colonel McKellican will get the Democratic. Superior Judges Edworth and Ogden will seek re-nomination.

Senator Perkins is busy pushing his proposition to establish a naval training school on the Pacific Coast. The old Hartford may be taken for this purpose.

\$27,000 FOR FOOT OF LAND. (OIL) A 300 ft. Jan. 14.—One foot of land fronting on State Street was bought by a department store yesterday for \$27,000. The lot was 100 ft. deep and was a strip between two properties which had never been utilized.

CARLYLE'S PESSIMISM

Thomas Carlyle's friendship with Ralph Waldo Emerson is a matter of history and Charles Elliot Norton tells in his newly published letters that Carlyle marveled at the optimism of the American philosopher. Writing in 1873, Norton says: "As we were sitting together just after my coming in this afternoon, Carlyle spoke of Emerson. 'There's a great contrast between Emerson and myself. He seems very content with life, and takes much satisfaction in the world, especially in your country. One would suppose to hear him that he had no troubles there, and no share in the darkness that hangs over these old lands. It's a vera striking and curious spectacle to behold a man so confidently cheerful as Emerson in these days.'"

"I agree with ye in thinking that the times that are coming will be worse than ours, and that by and by men may, through long pain and distress, learn to obey the law eternal of order, without which there can be neither justice nor real happiness in this world or in any other. The last man in England who had real faith in it was Oliver Cromwell." "Well, it may be as you say. I'm not such a vera bloody-minded old villain after all (here a cordial laugh), not quite so horrid an ome as some good people imagine. But the world is vera black to me, and I see nothing to be content with in this brand new patent society of ours. There's nothing to hope for from it but confusion."

BREEZY BITS

A rule is that a man who doesn't talk about himself talks about his neighbors. A lot of smart and capable men can arrange their neckties with any degree of art. You may have observed that the lasso is frequently a little man who looks henpecked. You may fool enough people to make a living that way, but hardly enough to get rich. If you haven't any other useful work to do, try to avoid interference with those who have. Sometimes she is silent for the children's sake, and Friend Husband thinks he is feeling her. Coming down to bedrock, as the well digger would announce, you don't know who are your real friends. A man will make a hundred mistakes in a day, and still expect the conduct of his driving horse to be perfect. After a man has encountered the buzz saw two or three times he can take a dare without feeling deeply humiliated. The children are credulous, but they don't fall for that old stuff about the punishment being more painful to their parents.

POINTED PARAGRAPHS

It is hard luck that comes easiest. Only very young men understand women. The richer a man is the richer he wants to be. Most women wouldn't want their own way if they could have it. It's difficult for the average man to live up to the opinion he has of himself. Not even an expert artist has ever discovered a woman who was deaf to flattery. But a man's vanity never offends a woman if she can play on it to her own advantage. A heavy weight sweetheart works hard with the faintly tailored clothes in a young man's trousers. A girl should never marry a man until she knows all about him—then the chances are she'll not care to. What has become of the old-fashioned young man who used to make good by marrying his employer's daughter and succeeding to the business?—Chicago News

CONSULAR REPORTS

American drills are much used in India for well boring. For deep artesian wells American tools and methods are considered as representing the latest ideals. Austrian farms in British southwest Africa export more than \$12,000,000 worth. The province of Alberta, Canada, is believed to have 90,000,000,000 tons of coal available.

ALAMEDA

SMALL FIRE LOSS IN ALAMEDA CITY

**Semi-Annual Report Filed by
Chief, Showing Effective-
ness of Department.**

ALAMEDA, Jan. 14. — Fire Chief Walter F. Steinmetz has prepared and filed his semi-annual report, for the six months ending December 31, 1913. There were 75 fires, as follows: Bell alarms, 18; telephone alarms, 53; and still alarms 3. There were also two false alarms.

RESEARCH CLUB HOLDS INTERESTING SESSION

ALAMEDA, Jan. 14. — The Research club met yesterday with Mrs. Henry Snodgrass of Santa Clara avenue for an interesting and profitable session. In the absence of the lecturer scheduled for the day, the subject was ably handled by Mrs. Merckle Warren and Mrs. George H. Hacy, the latter acting in charge of the afternoon's program.

Mrs. Warren covered the geographical characteristics of Alameda conditions, with an excellent map of the island illustrating the thousand or more islands which border the coast and the range of mountains which form the backbone of the island. Mrs. Hacy gave something of the customs, the government and the beautiful scenery of the cities and the wonders of the land and the sea. The program was presided over by Mrs. Hacy, who besides the program number "Love You California," which was given by Mrs. Warren, also sang several other numbers. Her songs were "The popular ones," Her spirit were "In the Garden of My Heart" (Caro Roma), and "The Love and Roses" (Robert Von Alsteyne).

Mrs. Schneider, as president, conducted the meeting. Several matters of importance came up for the consideration of the members and were disposed of before the program.

Mrs. Ernest Mayhew will be the next hostess and the subject of "Bee Culture" will be discussed. Mrs. Mayhew will have the program. Mrs. Anderson will have the next event.

A social hour will be held from 2 to 4 p. m. Mrs. Ellen Allen on folk dancing, concluded the afternoon. The special guests were Mrs. Allen, Mrs. L. L. Gilling, Mrs. H. Hauch, Miss Jeanette Kidman and one or two others.

SPUTTERING LIVE WIRE
CAUSES CONSTERNATION

ALAMEDA, Jan. 14.—Sputtering and leaping out sparks, a live wire on Broadway avenue, between Walnut and Alhambra streets, caused chaos to turn this morning about the residents in the vicinity. One of the residents sent a hurry call to the police department, fearing that the wire might cause damage or injure a pedestrian.

The police notified the department of electricity and the damage was repaired at once.

This is the first wire that has been broken in this city during the storm. The department of electricity reports that Alameda has been without damage to the electric service of the high wind accident, a result of the lightning and that the service was not checked for a moment.

HIT BY AUTOMOBILE AT SOUTH BERKELEY

Co. last evening at 7 o'clock and received injuries which necessitated his undergoing operation at Roosevelt hospital today. It is expected he will recover. The automobile was driven by Claude Beve. Boorman is said to have stepped into the crossing at Adeline street and Adams avenue in the path of the machine and to have been struck before Beve caught sight of him and could stop his

At Roosevelt hospital, Boorman was attended by Dr. Robert Hector. His right leg was broken and internal injuries were found possibly of serious consequence.

**FRIENDS JUST HEARING
OF GRANTING OF DECREE**

ALAMEDA, Jan. 14.—Alameda friends of Dr. Robert H. Young

M. Hill of Oakland, are just learning of the granting of an interlocutory decree of divorce early in December. Mrs. Hill sued on the ground of desertion and the suit was not contested by the doctor. The divorce action followed a long period of ill health.

Mr. Hill is practicing in Oakland. The couple have no children. Both the Governor and Mrs. Hill have numerous friends and acquaintances in Alaska.

REMARKS, Jan. 14. — Dr. F. A. M. Nair, city food inspector, was involved in an accident on the Tunnel road last evening that came near to having serious termination. He was driving his automobile down the grade when he collided with the horse and wagon of Joseph E. Kin and Edward Lavelle. Both horse and machine were near the edge of the

MUSICALE PLANNED.
ALAMEDA, Jan. 14 — Miss Valer Berlin will entertain with an informal

musical. Sunday evening next at home on Lafayette street. There will be a score of young people and the entertainment will be contributed by a number of well known young musicians from this city and across the bay, including Miss Made Sloan soprano, E.

FINDS PORCH INTRUDER.
ALAMEDA Jan. 14. — Going to the rear porch of her home at Oak street and Pacific avenue last evening Mrs. E. G. ...

the door the intruder leaped from the porch and went over the back fence without looking back. Mrs. Gibson notified the police.

DYNAMITE WRECKS HOME OF PLUMAS MAN

WOMAN AND GIRL IN DANGER

Discharged Greek Believed to Have Caused Explosion

J. T. Delaney's Family Has a Narrow Escape

OROVILLE, Cal., Jan. 14.—The residence of J. T. Delaney at Las Plumas, eighteen miles north of this city, was badly damaged by dynamite late last night.

Delaney and his wife and daughter, who were asleep at the time, escaped unhurt.

Delaney is the superintendent of cement construction for the Great Western Power Company. He had trouble with a Greek laborer a few days ago and discharged him.

When he left the place this man is alleged to have made threats that he would "get" Delaney.

Shortly before dawn a Greek last night a charge of dynamite was exploded under the rear part of the house. The kitchen was wrecked, dishes were broken and the house was otherwise damaged but the inmates escaped unhurt.

Blindfolded were placed on the trail of the dynamiter early this morning.

BLACKHANDS SOUGHT.

SAN FRANCISCO, Jan. 14.—The police this morning began an investigation into an alleged blackhand plot directed at S. Gatto of 559 E. 11th street. Two sticks of dynamite were found last night in Gatto's door. Mr. Gatto is a well-known figure in the city and is believed to be the person who wrote letters to him, signed with the seal of the blackhand.

Balked in Joy Ride, Swallows Poison.

SAN FRANCISCO, Jan. 14.—Edward W. Best, a member of 125 Bush street, swallowed poison in the street and then dashed into a room and threw himself on the floor of Mrs. Best at 1 o'clock this morning. He was found by the police and taken to the hospital.

Indict 2 Who Aided Moyer Deportation.

HOUGHTON, Mich., Jan. 14.—Interest in the case of a deportation of the strike zone of Charles H. Moyer, president of the Western Federation of Miners was renewed here today when it was rumored that the special grand jury which has been investigating charges against Moyer had returned indictments against two men said to have assisted in forcing Moyer to leave Hancock.

Pope Pius Calls For Cardinal's Report.

ROME, Jan. 14.—Pope Pius has requested Cardinal Merry del Val to submit to him a report concerning the disappearance from the apartment of Cardinal Rampolla shortly after the death of the prelate of the small box which is supposed to have contained the Cardinal's last will and testament.

Portugal Railroads Tied Up By Strike.

LISBON, Portugal, Jan. 14.—The entire railroad service of Portugal was suspended today, owing to the declaration of a general strike by the employees. About one-third of the railroads belong to the state.

FANCY POULTRY.

Costs a little more, lays much more, and the eggs will bring fancy prices. Keep Good Hens.

Did Mackays Steal March? Cable Magnate Near Wife

MRS. CLARENCE MACKAY, WHO MAY BE PARTY TO MARTIAL RECONCILIATION.

The Clarence Mackays have stolen a march on society and the sensation that has been created in California since the death of Clarence Mackay, a cable magnate, has been increased by the fact that Mrs. Mackay is believed to be a party to the reconciliation of the couple.

Mrs. Mackay left for Europe a few days following Christmas. She had nothing to say about her husband's death. Later, Mackay's wife, who was in Paris, was discovered by a young reporter. She said that her husband had no special significance as he was coming on a trip. Mrs. Mackay was in Paris and residing in a hotel. She said that she had been in Paris for some time and that she had been in Paris for some time and that she had been in Paris for some time.

Double Crime Committed by Long Beach Realty Dealer

LONG BEACH, Jan. 14.—Knowledge that the wife of Mrs. Viola A. Kerr, his business partner, had become involved in a double crime, was the subject of a long and bitter fight between friends and business associates, coupled with the fact that Mrs. Kerr had refused to desert her husband and two children to flee with him, was the reason why Arthur E. Cunningham, a prominent real estate dealer of this city, shot and killed Mrs. Kerr last night and then committed suicide. The bodies of Cunningham and Mrs. Kerr were found in an automobile standing by the roadside in a lonely portion of the city. Both had been shot through the head and the man's hand was the revolver that had discharged the bullet.

Today Mrs. Effie J. Cunningham, a friend of the dead man, admitted that she and her husband had been in love with Mrs. Kerr and she declared that two months ago she had chosen the dead woman in preference to her. Mrs. Cunningham said she had told her husband he must choose between her and that his choice had been Mrs. Kerr.

It is believed that Mrs. Kerr and Cunningham were on a long ride in the former's automobile yesterday afternoon during which the police believe Cunningham attempted to persuade his business partner to flee with him. Failing, he decided to take his own life.

Mrs. Kerr was one of the best known business women in this city and both she and Cunningham were wealthy.

Assassin Shot After Murdering of Valet.

PARIS, Jan. 14.—A double tragedy connected with Turkish political intrigue was enacted today at the Paris residence of General Mehmed Cherif Pasha, one of the chiefs of the Radical Turkish party.

A strange Turk called to see the general and was admitted by a valet. The valet, Ismail Hakk, whom he immediately shot dead.

Cherif Pasha's son-in-law, Salih Bey, hearing the commotion, ran into the corridor and shot and killed the assassin. The Pasha has been the object of numerous threats, which he has been unable to escape from the adherents of the Young Turks.

Philippines Cordial to U. S., Say Delegates.

WASHINGTON, Jan. 14.—Residents of Manila and Zamboanga of the Philippine Islands, who are attending the conference in Washington, said today that they were cordial to the United States.

2,072 Persons Attend White House Reception.

WASHINGTON, Jan. 14.—Last night's reception to the diplomats at Washington probably was the largest of its kind which has ever been held in the White House. An official count showed that exactly 2,072 persons were in attendance.

ASK INVESTIGATION.

Investigator Hynes has been asked to investigate charges made that several of the new buildings are of faulty construction.

U. S. INSULAR POSSESSIONS MUST FACE PROGRESS

Report to National Geographic Society Tells Story of Development.

8000 Islands Supporting Population of More Than Ten Million.

(By Associated Press)

WASHINGTON, Jan. 14.—The report now under his consideration exactly 8000 islands, supporting a population of 10,000,000, or more than the entire United States, according to a report just received by the National Geographic Society. It tells the story of the remarkable development of these islands since the American flag was unfurled over them.

The report shows that their commerce exceeds \$200,000,000, or more than that of the United States in any year prior to 1850. American capital invested in them aggregate approximately \$200,000,000; they ship to the United States approximately 10,000,000 of their products every year and take in exchange products of about equal value.

FEATURES OF REPORT.

The feature of the report is the development of Porto Rico, Hawaii and the Alaska Islands. It shows that when Porto Rico came under American possession fifteen years ago there was but one building in the island erected for school purposes, while today there are 1200 such buildings. There were 25,000 pupils enrolled in the public schools in the first year of American administration; now there are 125,000. Then there was but one school road of for a mile; now there are about 1000 miles of good roads. Production of sugar has grown from 100,000 tons a year to 3,000,000. The foreign commerce was valued at \$10,000,000 a year; it is nearly \$100,000,000. When the island began to produce \$100,000 worth of goods a year, now nearly \$100,000,000.

HAWAII'S PROSPERITY SHOWN.

According to the report Hawaii has been extremely prosperous since it came permanently under the American flag in 1898. The report shows that the Hawaiian Islands have increased more than doubled, deposits in banks trebled and in savings banks quadrupled. Hawaii's irrigation system is the marvel of the engineering world and the quantity of sugar produced has increased to such an extent that the value of the entire area, while at present the value of the entire area is twice as much as the entire possession cost.

JOHNSON AND MORAN SIGNED FOR BOUT

Checks and Guarantees Pass With Ceremony; Wine Seals Deal

PARIS, Jan. 14.—The matching of Jack Johnson and Frank Moran here today for a heavyweight championship battle in this city in the second week in June was accompanied by much ceremony.

Johnson was handed a check for \$10,000 by Charles MacFarlane, representing the American sporting men, while Moran was guaranteed \$5,000. The fight is to take place in Paris. Johnson agreed not to fight anybody else before meeting Moran in the ring and if the Negro pugilist fails to fight he will forfeit the \$10,000, except \$5,000 for his training expenses.

The signatures of the athletes were finally affixed in the presence of many managers, promoters, sporting men and other spectators, and Johnson and Moran drank each other's health in goblets of champagne. Three moving picture machines were working during the negotiations.

To Import Beef By Thousands of Tons

NEW YORK, Jan. 14.—Arrangements for the importation of thousands of tons of beef and other meat products from the Argentine Republic, Australia and New Zealand have just been completed by a committee of American capitalists who have not been disclosed.

It was known yesterday that the syndicate had leased for twenty years, with privileges of renewals, four large warehouses from the New York Dock Company, with an extensive water front, giving facilities for steamship piers and railroad connections. E. S. Nugent, who represented the New York Dock Company in the leasing negotiations, explained that the situation has no connection with the large American packing houses and that the importation of meat is expected to be a great success.

Banker Deported; Duel at Budapest Is Cause

(By Associated Press)

NEW YORK, Jan. 14.—Zerkowitz, a Budapest, Hungary, banker, who on December 29 was ordered deported by immigration authorities on account of a duel he fought at Budapest, sailed on the steamship Lusitania today.

His participation in the duel was interpreted as moral turpitude by immigration authorities. He was admitted, however, after he had furnished a bond to leave the country within thirty days.

Zerkowitz said he was going back to administer another chastisement to his former antagonists.

FINLEY AND ARNETTA RELEASED ON BAIL

W. A. Finley and Arthur Arnetta, charged with running down a woman in an automobile last Saturday night, and driving her to the city morgue, were released from the county jail today on bonds of \$5,000 each. They will be arraigned before Judge Wampler for trial next Friday.

An inquest will be held over the remains of Blacow tomorrow. District Attorney Hyne announced today that he would prosecute the case vigorously and that the charge against the defendants of speeding away leaving their victim lying for hours in a ditch, was a technical charge of manslaughter. The accident occurred about 7:15 p. m.

EDWIN POWERS AGAIN ON STAND IN FUEL CASE

SAN FRANCISCO, Jan. 14.—Edwin Powers, former assistant superintendent of the Western Fuel Company, was again a witness in the trial of the coal merchant who was charged with the defendants' counsel at the opening of the session, later being questioned on re-direct examination by Prosecutor Roche.

ARTIST EARLE MUST FACE CHARGES

Extradition of Affinity Champion for Alleged Kidnaping Is Granted.

Steps Will Be Taken to Have Painter and Soulmate Returned.

(By Associated Press)

CHRISTIANIA, Jan. 14.—Earle, the American painter, and Miss Charlotte Herman, who are charged with kidnaping Earle's 5-year-old son from a school in France, appeared before the court today in extradition proceedings. The court decided that there was no legal obstacle to the extradition of the artist and his wife. The extradition of the artist and his wife will be taken to have Earle and Miss Herman returned to France.

RITHERFORD N. J., Jan. 14.—Earle Herman, whose foster daughter, Charlotte, is now under arrest in Norway on a charge of having aided Earle's son, today for the extradition of the artist and his wife. Earle's son, who was taken from his mother, is now in the custody of the Norwegian authorities.

Mr. Herman and his wife are determined that Charlotte must have the same treatment as the artist and his wife. Mr. Herman, who is a painter, is now in the custody of the Norwegian authorities.

Governor Johnson Will Attend Tax Appraisers' Meet

SACRAMENTO, Jan. 14.—A meeting of the state inheritance tax appraisers of counties of northern and central California has been called by State Controller John S. Chambers to be held in the Palace hotel in San Francisco next Monday and Tuesday.

Governor Johnson is expected to speak. About fifty appraisers will be present at the meeting in addition to the state and county clerks and district attorneys.

Martial Law Makes Africa Issue Clear

AFRICA, Jan. 14.—The proclamation of martial law throughout the Union of South Africa in response to the declaration of a general strike by the Federation of Trades is regarded as making the issue a clear one between the state and the syndicates who have adopted a system of rapidly organized sympathetic strikes. The Federation of Trades is regarded as making the issue a clear one between the state and the syndicates who have adopted a system of rapidly organized sympathetic strikes.

The Federation of Trades is regarded as making the issue a clear one between the state and the syndicates who have adopted a system of rapidly organized sympathetic strikes. Count Yukio Ito, Fleet Admiral, Dead

(By Associated Press)

TOKIO, Jan. 14.—Count Yukio Ito, first admiral of the Japanese navy, died today at his residence in Tokyo.

Count Ito had more to do with the development of the Japanese navy than any other man. He entered the service in 1868 and served for a long time in the United States. In the war between China and Japan, in 1894, he took a prominent part commanding the combined squadrons of the Japanese fleet which fought the battle of the Yellow Sea, after which he was promoted to the rank of admiral.

Realty Union Secretary Beaten and Robbed

Frank E. Grace, secretary of the Realty Union, was beaten and robbed today in San Francisco. He was taken to the hospital and is now recovering from his injuries.

Will Wage Battle on Congress For Suffrage

(By Associated Press)

WASHINGTON, Jan. 14.—A campaign to defeat members of congress for re-election to oppose equal suffrage for the negro is to be waged by the congressional committee of the National American Woman Suffrage Association. It is announced by the committee in a statement outlining its work, headquarters of which have just been opened here and in Chicago. The committee's plan is to attack members of congress who are opposed to equal suffrage for the negro. The committee's plan is to attack members of congress who are opposed to equal suffrage for the negro.

Japanese Run Down and Killed by Train

Frank Haki, a Japanese, was run down and killed last night while attempting to cross Seventh street at Webster and Southern. The body was found by the police and is now in the morgue.

EDWIN POWERS AGAIN ON STAND IN FUEL CASE

SAN FRANCISCO, Jan. 14.—Edwin Powers, former assistant superintendent of the Western Fuel Company, was again a witness in the trial of the coal merchant who was charged with the defendants' counsel at the opening of the session, later being questioned on re-direct examination by Prosecutor Roche.

HUERTA HOLDS UP PAYMENT OF DEBT

National Obligations Will Be Ignored for Six Months, His Decree.

Needs Money to Carry on the Fight. He Explains to Powers.

MEXICO CITY, Jan. 14.—Provisional President Huerta's decree suspending the payment of interest for the next six months on bonds of the internal and external debt of Mexico is as follows:

"In view of the abnormal circumstances in which the country is placed its ordinary income is not enough to cover the interest on the bonds of the work of pacifying the nation and in view of the fact that it will be necessary to continue these expenses until the result promised by the government has been accomplished, I, by virtue of the authorization of Congress last December to direct the affairs of the departments (the authorization to direct the affairs of war, finance and the interior), decree as follows:

"Article I.—There is suspended for six months the services of the national debt with the understanding that the sums during this time that shall become due will draw interest at the same rate as the obligations to which they correspond.

"Article II.—From the date of the promulgation of this decree the customs duties will be paid in cash to the respective federal offices.

The text of this decree has been communicated to the various foreign nations concerned.

WANT MERCADO RETURNED.

A formal request for the return to Mexico of General Salvador Mercado, federal commander at Ojinaga, together with his command, who crossed into American territory, is to be made to the United States government by General Aureliano Blanquet, Mexican minister of war, according to announcement today.

GRAND CIRCUIT STEWARDS ADOPT SWEEPING CHANGES IN RULES; LATEST "INFO" FOR HORSEMEN

Joe Azevedo Proves Right to Be Classed as Contender for Title

ROHAN'S GOOD BOY HAS EVERYTHING AND MUST BE FIGURED

Little More Experience and Joe Will Be Ready to Bid for Championship.

By THE TIMEKEEPER. JOE AZEVEDO clearly demonstrated his right to a place among the last night when he handed "Frenchy" Vaise, the Canadian champion, a man's size beating in the ten-round main event at the Wheelmen club. Azevedo jumped into the lead in the first round with a left hook and a right cross, and he kept right on building up points in every one of the remaining rounds. In the seventh and eighth periods he had Vaise groggy and on the verge of a K. O., but the Canadian bravely stood with his guns and took all that Joe handed him without flinching.

Vaise did not show such good advantage as in his former bout with Azevedo. His right hand swing was missing from his repertoire last night and without this weapon he was absolutely harmless. Azevedo, on the other hand, was brilliant in the extreme. Joe put up the best battle of his career and there was scarcely a fan in the house who did not leave the building convinced that Joe Azevedo stood an excellent chance of winning the lightweight championship of the world in the course of the night.

A little more experience against the Vaise kind and Joe will loom up as a rangy contender for the title. Azevedo had everything last night. He outboxed, outgassed, and out-generaled the Canadian champion and the further the battle went the better form he displayed in the world in the course of the night. Azevedo stood an excellent chance of winning the lightweight championship of the world in the course of the night.

Azevedo's showing was a revelation and it has surely won him a place for himself in the hearts of the local fans. Joe was on the aggressive right from the opening gong and he rallied Vaise with his left hand in the first round. In the second round Joe landed another hard left hook but took a punch of the same brand on his right ear which sent him reeling. Vaise was sent to the canvas in the sixth round but Azevedo was not content with a knockdown and followed it with a right cross to the jaw which sent O'Connor's head ticketing across the ring. "Frenchy" came back in the seventh and the deadly left hand landed many a true and often on Vaise's complexion. Vaise was sent to the canvas in the eighth round but Azevedo was not content with a knockdown and followed it with a right cross to the jaw which sent O'Connor's head ticketing across the ring.

was in great condition last night and great credit is due to his trainer, "Kid" Parkins. Leach and Frankie Burns were introduced and of course challenged the winner. The preliminaries were the best ever seen at a local club. The surprise of the evening was the defeat of Young Sylvester by Tom Freitas. Sylvester was introduced as the coming champion but after getting off to a good start Freitas made him slow up with choppy punches to the head and body. The third round of this scrap was the most exciting seen hereabouts in many a day. Kid Nabisco, who peddles newspapers at the Nevada street, depot in his spare time, proved a regular contender and defeated the hard-hitting Kid Tolosco. The accompanying form chart will show how the boys fared.

Sally Salvatore of Sacramento knocked out Bert White, the Stockton favorite, at Stockton last night in thirty seconds of the first round with a wallop to the chin. There was nothing to it. A big crowd was on hand.

Johann Kilbane's recent victory over Eddie May at Philadelphia is declared by official to have been a case of class. Kilbane permitted May to hold him to even terms in the first two rounds but as soon as the champion made up his mind to start the bout ended with a right to the jaw. Though the weight was set at 126, Kilbane was two pounds under this notch.

No material changes will be made in the football rules for next season. In the opinion of Eddie Egan, head man of the Intercollegiate Football rules committee.

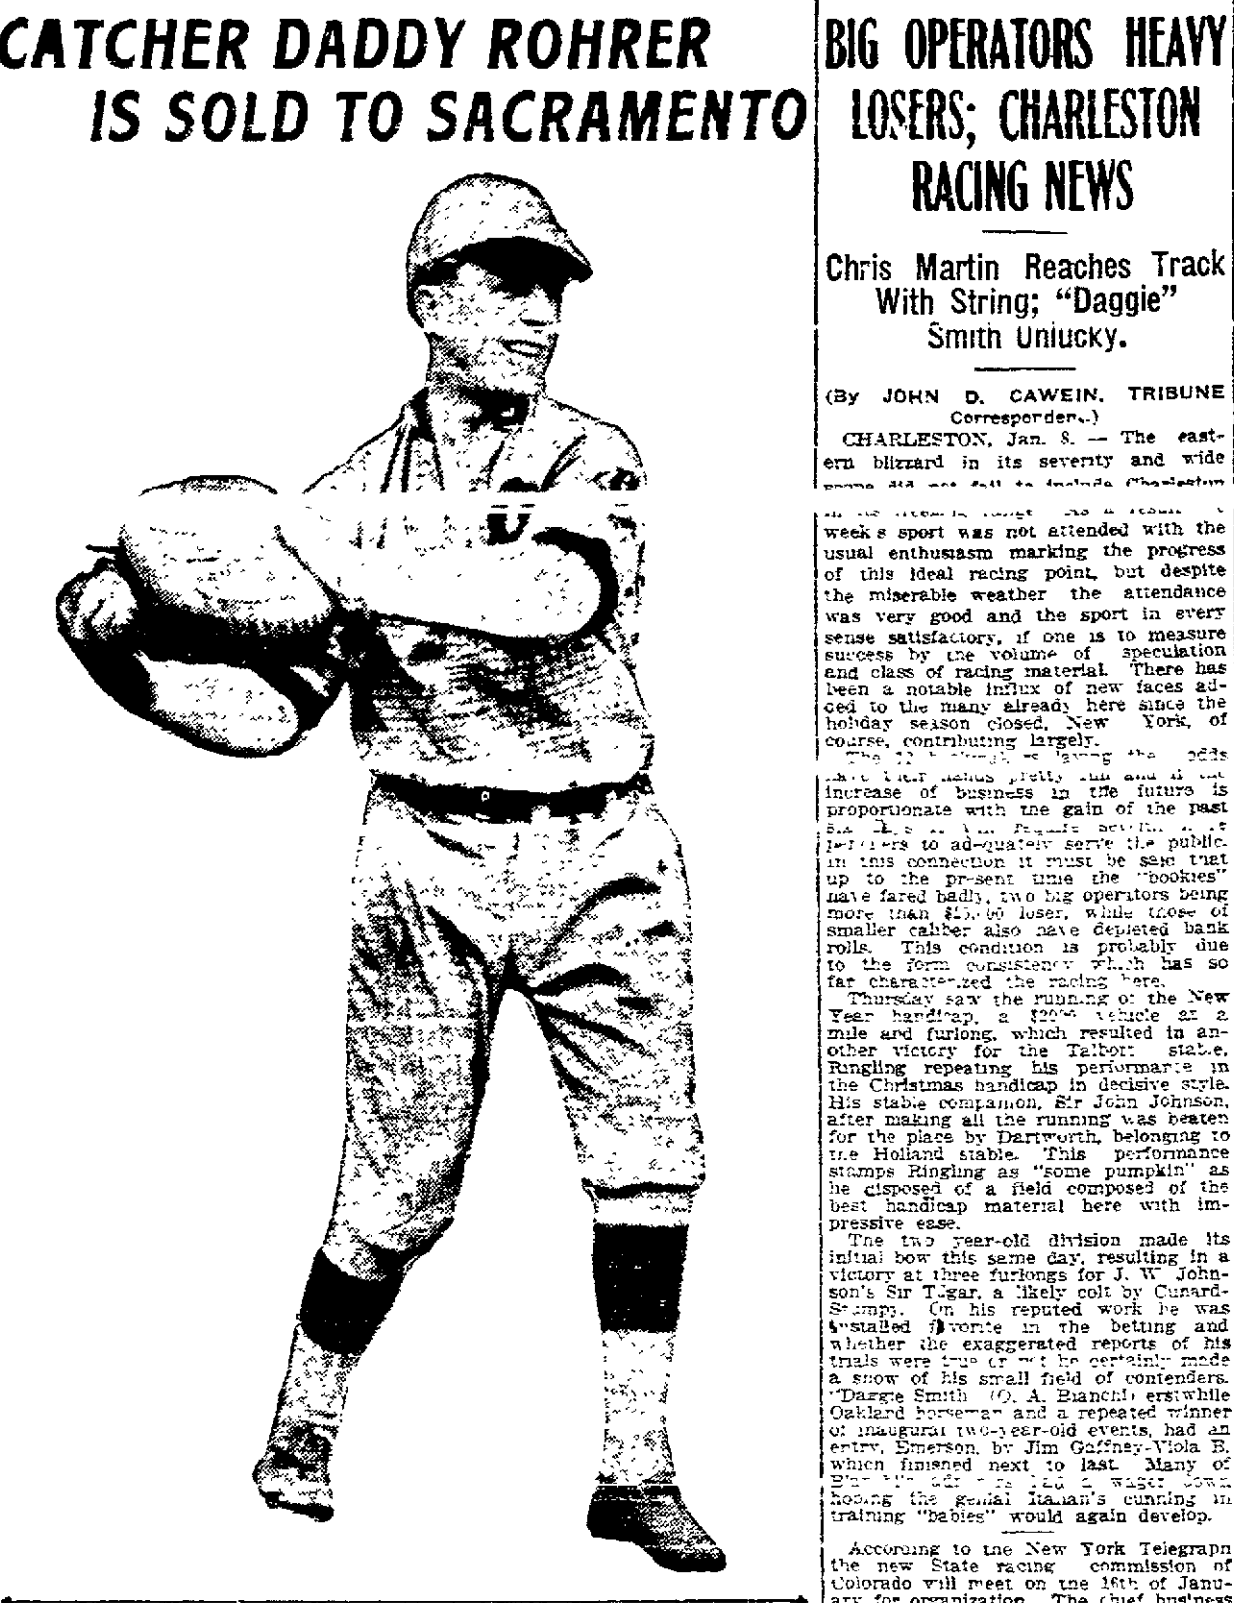

Members of Princeton's football eleven in the future will not be allowed to write "expert" stories of the games for the newspaper unless they have been named as soon as the champion made up his mind to start the bout ended with a right to the jaw. Though the weight was set at 126, Kilbane was two pounds under this notch.

Canterbury The season's most pleasing and popular model. The House of Worth. The House of Worth. The House of Worth.

MORAN VS. BIG JACK AT PARIS IN JUNE

WHAT IS THE TENDON OF ACHILLES, ANYWAY? ASK FANS. Ritchie-Murphy Bout Will Take Place Sometime Before 1927

CATCHER DADDY ROHRER IS SOLD TO SACRAMENTO

Announcement was made this morning from the headquarters of the Oakland Athletics that W. U. (Daddy) Rohrer, the little backstop who has been with the local club since 1911. The deal was not entirely unexpected for Rohrer was a close friend and sympathizer of the Athletics. He was a catcher and a first baseman. He was a good player and a good person. He was a good player and a good person.

SCHAEFFER AGAIN TO COACH U. C. BALL TEAM

UNIVERSITY OF CALIFORNIA, Jan. 14.—Announcement of the first baseball rally is expected very soon. Jimmie Schaeffer, who will coach the blue and gold as in former years, expects to see a squad of 40 or 50 turn out for the preliminary tryouts on California Field which will not be turned until the baseball season is over.

Chapman is the only veteran twirler left on the team for Webb has an injured ankle and will not, it is believed, be able to participate. Claire Goodwin, who has been with the team since 1911, will be out for his old berth at short. Young again a candidate for third base, and Adair slated for an outfield position.

Manager Donald has just announced that California will begin its schedule February 2 with Zamloch's Independents and close April 11 with the Portland team. On March 12 California will play the Chinese team from the University of Hawaii. The Celestials will arrive here about March 1 and play with all the colleges about the bay.

Packey McFarland Tells How He Expects to Beat Gibbons

CHICAGO, Jan. 14.—For the first time in his ring career, Packey McFarland will wear a white shirt and white trunks. "How will I box him?" "I do not think I will deviate from my natural style, unless I start to force the mill and rough it a little with him. But it depends considerably on how he decides to work against me. If he starts out to do a lot of dancing, I expect I will take him easy. If he starts to do a lot of dancing, I expect I will take him easy. If he starts to do a lot of dancing, I expect I will take him easy.

U. C. MARKSMEN WIN LAW TO DECIDE N. Y. FROM MASS. TECK COMMISH POWERS

WASHINGTON, Jan. 14.—Michigan agricultural college with 963 points out of a possible 1000, carried off the high score in the initial matches of the intercollegiate shooting championship of the United States, the results of which were announced here yesterday. The colleges are divided into three classes, according to their standing in previous competitions. The scores for each class in the opening match follow:

Class A—Minnesota 940 vs. Georgia 866; California 917 vs. Massachusetts 766; Michigan 943 vs. Iowa 866; West Virginia 943 vs. Princeton, default; Purdue 919 vs. Massachusetts 866.

PLEASANTON WILL PROBABLY BE SELECTED AS 1914 TRAINING CAMP FOR FRANK LEAVITT'S OAKS

Breezy Bits by "Billy Fitz"

IT'S A CRT-EL WORLD. The Baseball Writers' Association (whatever that means) has voted to elect the Cincinnati Reds a worthy fellow into oblivion, wherefore the following touching ballad:

Good-bye, little hit, good-bye, Don't cry, little hit, don't cry, You meant alright, but you peddled bunk, And you've had your chance, now go work your chance.

It appears to be distinctly up to the Federal League to sign the Cincinnati hit. Joe Tinker to the Cincinnati hit: "Shake!"

Bob Shepard tells us that Otto Berg can sing just as well as he can fight. If the Clabby match materializes we will know whether or not he has a "Caruso" or a "S. A. M. Baritone."

It might not be a bad idea to have Otto Berg when he gets face to face with Jimmy Clabby, providing he doesn't chant a swan song.

Imagine the effect upon Clabby if Berg came up for the first round singing the "Holy City" switched in the sixth to "I Wonder Who's Kissing Her Now?" and answered the bell in the tenth with "Now It's Your Turn to Sleep, I Pray Your Slumber Will Be Deep." The idea has great possibilities.

The only reason Gunner Smith can't sing is that his feet refuse to keep proper time. If war is what Sherman said it was we wonder that the old war would call for a man to write poetry in his H-20 weather. We know what we would call it, but this edition has to go through the mails.

Full many a boob with solid bone succeeds each day in landing his "three square." Full many a guy who sports a brainy To bed goes hungry and in mute despair.

OVERLOOKED ONE DETAIL. Jess Willard has been completely exterminated from the charge of having killed "Bull" Young in a prizefight. The jury did its work very efficiently, neglecting only to decide that "Bull" Young was still living, but of course a jury can't be expected to think of everything.

Bombardier Wells' next knockout is due some time next week. Bandsman Blake meets him in London. CONSULT THE BIBLE. A most unlikable guy was Job. His woes were long as Willie's. But yet I don't recall he strained His tendon of Achilles.

The tendon of Achilles, the ulna bone, the os humeri, the nasal hemorrhage, the dislocated vertebrae, the automatic appendix; well, we hope to die if the modern pugilist isn't a weird and wonderful creature.

The tendon of Achilles is getting down pretty close to Ritchie's real ailment—his feet. DRASTIC GRAND CIRCUIT RULES ADOPTED AT GRAND RAPIDS

But No \$15,000 Limit Is Put Upon Earnings of One Horse a Season. GRAND RAPIDS, Mich., Jan. 14.—Not in all the years of its history has the Grand Circuit made such sweeping changes in its rules as were passed last night. The new regulations provide:

Every member of the Grand Circuit each year shall close his affairs by the first day before the opening of its race meeting. Entrance fee on every horse named in early closing entries shall be per cent of the purse payable in three installments of one per cent each, with seven per cent additional for money winners. On sweepstakes races that may be given in place of stakes at least \$600 shall be added and the payments shall be three of \$60 each.

Only the winner of a race shall be penalized with a record; records made in performances against time and in public races shall be allowed to stand. A horse that has started in two consecutive races and won no money shall be allowed to start in his next race in a class two seconds lower than his best record; if he has started in three consecutive races and won no money he shall be allowed three seconds and if he is started in four, four seconds. A horse granted any of these allowances shall, on winning a race, be eligible only to the class in which his record entitles him to start.

The system of racing shall be three heats a race, two in three or three in five. The entry fee in late closing purses shall be five per cent of the purse. Two horses from the same stable may be entered in the same purse for one entrance fee of five per cent and for each additional two entries or a fraction thereof made in the same class from the same stable the entrance fee shall be one per cent.

All rules adopted by the Grand Circuit shall be mandatory. The standards set by the Grand Circuit shall be a limit of \$15,000 on the net earnings of any horse in one year. McALLISTER PRAISED ON EVE OF FALL

A bundle of clippings from New York papers following his victory over Bettington.

COUGH MEDICINE FOR CHILDREN. Never give a child a cough medicine that contains opium in any form. When opium is given other and more serious diseases may follow. Long experience.

Seal Pups Treated Like Houn' Dawg. The houn' dawg was never kicked around half as much as Jayval Ewing's State League club. The critter has been left on everybody's doorstep and disowned instantly; it seems to be as welcome as the smallest pup of a mongrel dog.

Sam Bradley is down from New York and this is the game so easy he's determined to play them from the ground.

Jim Norvell got in from Montana this week. He says Charleston's climate is not much different from Butte.

Chris Martin, who everybody in Oakland and San Francisco knows, got here Saturday from Victoria, B. C., with four coaches, including George Fraser, president of the Victoria Country club.

Some pilgrims have just got in from Juarez and sadly tell of weird experiences. Henry Heidrich, a clerk at John Leary's, told of a man who was killed by a horse. He was two of them. They saw Lewis will be here Monday to cut in. The strange life in "greaserdom" they saw necessitated his recuperating a few days at Jacksonville, Florida.

Henry McDavall will dispose of his stable now racing at Juarez and immediately assume his duties as trainer for the Canadian horseman, Robert Davies.

It is said J. W. Johnson, owner of Sir Edgar, refused \$5000 for the colt before he was started last Thursday.

Paul, the runner, the horse, Paul is on his way here and with renal Will Hall will soon be seen on the line at Palmetto Park.

McCallister Praised On Eve of Fall. A bundle of clippings from New York papers following his victory over Bettington.

They saw Lewis will be here Monday to cut in. The strange life in "greaserdom" they saw necessitated his recuperating a few days at Jacksonville, Florida.

Henry McDavall will dispose of his stable now racing at Juarez and immediately assume his duties as trainer for the Canadian horseman, Robert Davies.

It is said J. W. Johnson, owner of Sir Edgar, refused \$5000 for the colt before he was started last Thursday.

Paul, the runner, the horse, Paul is on his way here and with renal Will Hall will soon be seen on the line at Palmetto Park.

McCallister Praised On Eve of Fall. A bundle of clippings from New York papers following his victory over Bettington.

COUGH MEDICINE FOR CHILDREN. Never give a child a cough medicine that contains opium in any form. When opium is given other and more serious diseases may follow. Long experience.

Seal Pups Treated Like Houn' Dawg. The houn' dawg was never kicked around half as much as Jayval Ewing's State League club. The critter has been left on everybody's doorstep and disowned instantly; it seems to be as welcome as the smallest pup of a mongrel dog.

Sam Bradley is down from New York and this is the game so easy he's determined to play them from the ground.

Jim Norvell got in from Montana this week. He says Charleston's climate is not much different from Butte.

Chris Martin, who everybody in Oakland and San Francisco knows, got here Saturday from Victoria, B. C., with four coaches, including George Fraser, president of the Victoria Country club.

Some pilgrims have just got in from Juarez and sadly tell of weird experiences. Henry Heidrich, a clerk at John Leary's, told of a man who was killed by a horse. He was two of them. They saw Lewis will be here Monday to cut in. The strange life in "greaserdom" they saw necessitated his recuperating a few days at Jacksonville, Florida.

Toured Europe Back at His Desk

IVOR WILLIAMS.

After an extended tour of England and Europe, during which he visited the most famous cities of the old world, Mr. Williams, son of Mrs. Ann Williams, has returned to his home in the city of London. He was in London for the last time in 1907, when he was in the city of London. He was in London for the last time in 1907, when he was in the city of London. He was in London for the last time in 1907, when he was in the city of London.

NETHERSOLE HISSES WOMEN WHO TALK

MEMPHIS, Jan. 14.—Because Memphis women interrupted her emotional scene in "Sapho" by loud talking, Miss Nethersole stopped her act at the climax of her discourse at the Orpheum theater to give vent to her anger. The women, who were sitting in the boxes, were so noisy that the actress was forced to stop her performance. She was so angry that she was forced to stop her performance. She was so angry that she was forced to stop her performance.

COLD WAVE YIELDING TO SEASONABLE AVERAGE

WASHINGTON, Jan. 14.—The cold wave which has been sweeping across the country since the middle of the week has yielded to a more moderate temperature. The weather is now becoming more moderate. The weather is now becoming more moderate. The weather is now becoming more moderate.

BOTH RECOMMENDED FOR HONOLULU JUSTICESHIP

HONOLULU, Jan. 14.—Governor L. B. Hoole, in a cable message to President Wilson, recommended the appointment of Edward M. Walker and Arthur A. Winter as associate justices of the supreme court to succeed Justices John T. De Roit and Antonio Perry. Both candidates were recommended by the Hawaiian people.

MARRIAGES ON DECREASE

WILMINGTON, Del., Jan. 14.—Since the passage by the last legislature of a stringent marriage law "to eliminate Wilmington as a Greta Green" there has been a large decrease in the number of marriages in the city, according to the annual report of the board of health. In 1913 there were 2,392 marriages in Wilmington as compared with 5,939 the previous year, before the law became effective.

GUNBOAT IS DISPATCHED

WASHINGTON, Jan. 14.—The gunboat Nashville was today ordered from Guantanamo, Cuba, to Port-au-Prince, Hayti, to observe conditions during the election of the latest Haytian revolution.

PLEADS GUILTY OF WHITE SLAVE LAW VIOLATION

TOPEKA, Kan., Jan. 14.—Homer McLeod, who on July 23 last, lured Mrs. Mary Armstrong Dean, a bride of a day, from her husband, while the pair were on their honeymoon, yesterday pleaded guilty to violation of the white slave law.

BULGARIAN PARLIAMENT DISSOLVED BY PREMIER

SOFIA, Jan. 14.—The Bulgarian Parliament was dissolved today by the premier, Dr. V. Radoslavoff, because it refused to pass a provisional appropriation bill. A new chamber must be elected within two months, according to the constitution.

GERMANY SEEKS CO-OPERATION

presence here of the German armored cruiser Hansa and the coming of a dreadnaught are interpreted as a desire on the part of Germany to have a sufficient naval force to co-operate with Italy and Austria should events require it.

ACTRESS FULFILLS VOW

MAURICE, Jan. 14.—Pilar Guerrero, perhaps the most popular actress of Spain, gave to the people of Seville, her native town, a big surprise from her home to the church barefooted, in fulfillment of a promise made to the Virgin for a certain special reason.

Splendid values in lace curtains for Thursday and Friday

Owing to the heavy rains Monday and Tuesday in Oakland and vicinity, we feel that a great many people were unable to take advantage of our curtain sale

Therefore we have continued it Thursday and Friday. Nearly all of the different lots are still complete and you will find every one a bargain. Any one who has ever attended one of Jackson's Lace Curtain Sales will vouch for the values given, and this sale is equal to any former event.

"U. S. ARMY AS A CAREER" IS NEW PAMPHLET TO ATTRACT RECRUITS

WASHINGTON, Jan. 14.—With a view to attracting recruits to the army, the war department has just gotten out a new pamphlet entitled "The United States Army as a Career." It does not depict the "rocky" lounging in an easy chair at a mess table with his officers, nor in the uniform of a major-general, but shows the American soldier hard at his trade or war or making ready for war. There are plentiful pictures of khaki clad soldiers under their rifles, in action, sleeping under the guns, marching blockhouses in the Philippines and indeed in all phases of military life. Major-General Wood, chief of staff of the army, says that he will be personally responsible for the accuracy of every statement contained in the attractive pamphlet, which was prepared by Captain Thomas F. Ryan of the cavalry branch.

TAXPAYERS' COLUMN

All communications to the Editor of THE TRIBUNE must bear the signature and address of the writer.

CLERGY AND DIVORCE

An open letter to Herbert Bashford, author of the play, "The Voice Within." Mr. Herbert Bashford: Dear Sir—In congratulating you upon the artistic success of your strong and intensely interesting play, "The Voice Within," I am impelled to express my regret that you should so unfairly represent the attitude of the clergy toward the divorce question. The clergy are not a monolithic body, but a collection of individuals with different views. The clergy are not a monolithic body, but a collection of individuals with different views. The clergy are not a monolithic body, but a collection of individuals with different views.

GIRLS' WRESTLE WHEN TANGO IS UNDER BAN

LANING, Mich., Jan. 14.—Girls of Olney college have been denied the privilege of dancing the tango are learning to wrestle in the solitude of the girls' gymnasium. Miss Reese, director of women's athletics, says that wrestling provides excellent exercise for women and should be taught in all girls' classes. Hammerlocks, half-nelsons, full-nelsons, scissors, and the holds are terms with which the girls are becoming familiar.

CHALLENGE INSURANCE LAW

WASHINGTON, Jan. 14.—The first case in the Supreme Court challenging the constitutionality of industrial insurance law adopted or advocated in many States, was filed today. The Mountain Timber Company at Kalama, Washington, attacking the industrial insurance law of Washington, contended that it denies to the State a reasonable form of government and embodies an unreasonable taking of property.

RECEPTION TO PASTOR

HAYWARD, Jan. 14.—A reception will be given in the Methodist parsonage this evening to Rev. and Mrs. Irving E. Thompson. A general invitation to attend the affair has been sent out to the friends of the pastor and his wife.

CATARH VICTIMS

Surely use Hyomel. It's the right-to-the-point remedy not only for catarrh, but for head colds, stiff bronchitis, laryngitis or croup of children. You breathe it—no stomach dosing. You will like Hyomel. It not only gives instant and lasting relief, but is entirely harmless, pleasant to use, and economical. Money promptly refunded if you are not benefited. Hyomel is a combination of antiseptic oils that mixes with the air and quickly reaches the irritated and inflamed membrane of the nose and throat. The next time you have a cold, use Hyomel immediately—you feel better at once.

If suffering from watery eyes, husky voice, discharge from the nose, or that choked-up feeling, try Hyomel now—to-day. All druggists sell it. Ask for the complete outfit—\$1.00 size.—Advertisement.

MAKES GOOD
12TH AND BROADWAY.

GIRLS! GIRLS! YOU MUST TRY THIS! DOUBLES BEAUTY OF YOUR HAIR

For 25 Cents You Can Make Your Hair Lustrous, Fluffy and Abundant.

Immediate?—Yes! Certain?—That's the fact of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this: Moisten a cloth with a little Danderine and carefully draw it through the hair, using the small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, buy a small bottle of Danderine at a drug store or a 25-cent bottle of Danderine at a drug store or a 25-cent bottle of Danderine at a drug store.

BURIED IN COFFIN FROM FAVORITE WALNUT TREE

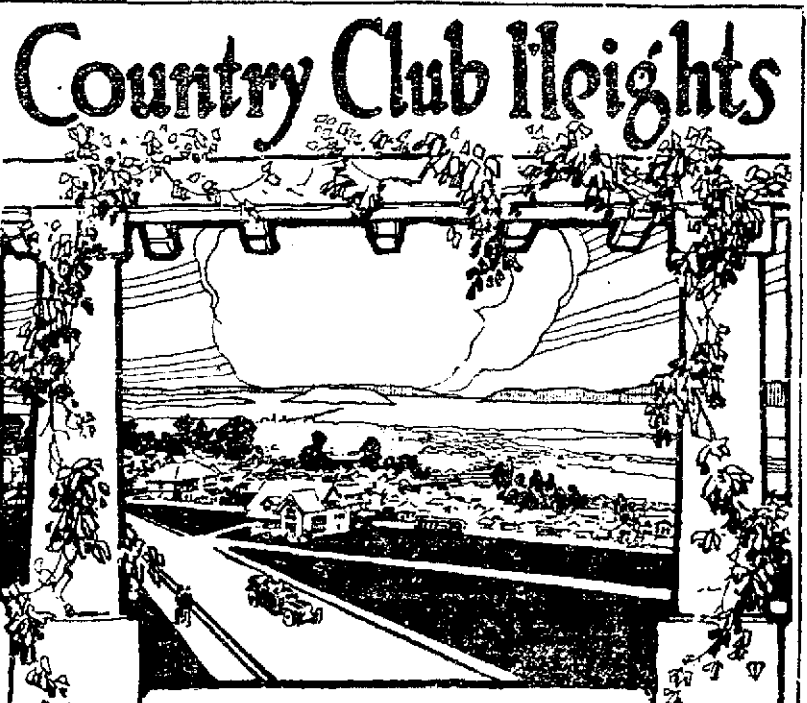

HARRISBURG, Pa., Jan. 14.—John Snyder, a farmer, was buried near here in a coffin made of wood from a walnut tree which he planted and cared for all his life. He was 55 years old. When his health failed he directed that his coffin be made of the wood of his favorite tree.

MRS. HERRON DIES

NEW YORK, Jan. 14.—Mrs. Carrie Rand Herron, wife of Professor George D. Herron, the American author and lecturer on socialist subjects, died suddenly on Sunday night in Florence, Italy, where she and her husband were on a tour of the world.

CONVICTED OF ASSAULT

PARIS, Jan. 14.—A convicted of having molested and assaulted Mrs. Marguerite Hart of New York, who is staying in Paris, a Frenchman named Meynard was yesterday sentenced to one month in prison and ordered to pay 2000 francs.

See This View Sunday

THE OPENING DAY

A wonderful marine, hill and city view is the imperishable property of every Country Club Heights home. Every window at Country Club Heights is a beautiful, colorful, ever-changing picture. The view in itself is a valuable asset—to be sought after by all true home lovers. And when you consider that Country Club Heights is the last available tract to be placed on the market, with an open Broadway and the University of California then you realize that right NOW is the last opportunity you have to secure a lot for a home site at the low prices that prevail today.

Saturday and Sunday are Opening Days

Make your plans now to ramble over this property Sunday! Join with the hundreds who will personally investigate this first great opportunity of 1914!

BREAKS A COLD; OPENS NOSTRILS

"Pape's Cold Compound" Ends Severe Colds or Grippe in Few Hours.

Your cold will break and all grippe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute. Advertisement.

SMALL FIRMS FAILURES.
PHILADELPHIA, Jan. 14.—Testimony to the effect that many of the small independent telephone companies organized in this section of the country for several years had been financial failures and the service inefficient, was introduced at yesterday's session of the hearing in the Government's suit to dissolve the American Telephone & Telegraph Co.

FOR CHRONIC COUGHS

Milton, Pa., Woman Has Found a Remedy.

Mrs. Howard Wagner of Milton, Pa., says: "I had a bad cold for months, and would cough every night until midnight. I consulted a doctor and took two kinds of medicine, but got no relief. Vinol was recommended and after taking it a week I could sleep all night without coughing once. I continued its use and now have a fine appetite, never felt better and my cough is entirely gone."

It is a well known fact that when a person is run-down, stomach out of order, or the system overloaded with waste matter, vital resistance is lowered and colds and coughs are easily contracted. The safest and surest method we know to overcome this condition is by taking our delicious cod liver and iron tonic, Vinol. In the most natural manner Vinol tones up the digestive organs, promotes a hearty appetite, enriches the blood, and as a specific for chronic coughs, colds and croup.

Try a bottle of Vinol on your next return your money if it fails to help you. The Owl Drug Co., Oakland, Calif.
